DIAL AFTER 9 P.M. AND ON WEEKENDS AND SAVE.

When you sign up for CP&L's new Time-Of-Use Rates, turning on your dishwasher is like making a long-distance call.

And so is washing a load of clothes or cooking a roast or taking a shower.

Because when you do those things during off-peak times, you'll pay a lower rate.

When you have Time-Of-Use, we install a special meter that records not only how much electricity you use, but when you use it.

Then, at billing time, we'll charge you less for the electricity used off-peak. It's a way you can pay less for electricity without having to use less.

To find out more, simply dial CP&L.
