

continued from page 12

On the way home! The train stopped in Hobgood N.C. We were there one and a half hours and had lunch at the Hotel. What a lunch! We were all starved for some good southern-cooked food-what little we had in Virginia was terrible. That table was loaded with meats, vegetables, salads, cornbread, biscuits and butter. "Help yourselves" "pass the biscuits" "eat all you want"- then cake and pie. I'll never forget it.

My First Trip-Fond Memories—No place like Home.

Emergency Medical Services
continued from page 1

member to attend no less than 36 hours classroom training a year, in addition to their normal duty hours and hands on training.

The members of the Vanceboro Rescue Squad are very proud of the service that all of the squads in Craven County provide to their communities. In 1985 the members of the Vanceboro Squad were the recipients of the "A. B. Parker Memorial Award" that is given by the state each year to one squad that has accomplished the most outstanding rescue in North Carolina. This is the highest honor that a rescue squad can receive from the state, and we are all proud to be a part of the award, but let me say that the award belongs to all of the citizens of our community, for without your continued support the squad could not provide the service that you have come to expect and deserve.

Unlike most other rescue squads, the Vanceboro Squad is financed primarily through donations given directly from our local citizens, without your support we could not begin to have the best possible equipment and training available for our members to utilize. To each of you we pledge to continue our quest for better training in an effort to provide the citizens of our district with the best possible emergency medical services that we can.

Oral Dean Morris
Captain, Vanceboro Rescue Squad
