

D. D. C. VISITS NEW REX

On Wednesday, February 9, the members of the Doctors' Daughters' Club, accompanied by Mrs. Naylor, adviser for the club, and by Mrs. Cruikshank, Miss Morrison, and Miss Stewart, attended a tea at the new Rex Hospital. Miss Celia Swecker, the dietitian; Miss Lottie C. Corker, director of nurses; Miss Grace Airy, technician; and Mr. Thomas, business manager, addressed the group on the duties of their various positions. Dr. Haywood introduced the speakers and afterwards led the visitors to the hospital dining room where they were entertained at tea by Dr. and Mrs. Haywood and Dr. and Mrs. West, aided by the hospital staff. After the tea, several of the nurses took the group on an explanatory tour of the whole hospital. Coming back to school, the girls expressed their thanks for their inheritance!

The Badminton Tournament will follow hard on the heels of the finished Ping Pong Tournament. Miss Harvey will post lists in the Gym so that everyone interested in entering the tournament may sign up before the end of the week, when Miss Harvey will make the drawings and pair off the players. All games will be singles, and the process of elimination will be similar to that of tennis or any other sport. The Gym Department hopes that both athletic societies will be well represented in the contest. Come out, Everybody!

The five top-ranking Ping Pong players from each athletic society played off part of their tournament games Monday afternoon with the following results: Watts defeated Murchison; Lynch defeated Valentine; Humphrey defeated Seidler.

OUR BELLES**HALLIE TOWNES**

Name: Hallie Townes
Home town: Wilmington, N. C.
Height: 5 ft., 5 in.
Hobby: Illustrating fairy tales
Favorite color: Blue
Book of the moment: Anderson's Fairy Tales
Favorite movie star: Frederic March
Favorite food: "Brown bread, butter, 'n' sugar."
Favorite remark: "Come up and see us. We only live on the third floor: that's only four flights up; and we're only young once."

This outstanding Junior from Wilmington says she has no "true love." Maybe she won't give the gentlemen a chance because they aren't as full of "yumph" as Mr. March. She is vice president of the student body and has gone out for basketball in a big way. She was quite definite in stating that her name is Hallie (pronounced Haw-lie) and it is not a nickname. We like it and her, too. How 'bout it?

MARTHA ANN SPEIGHT

Name: Martha Ann Speight
Home town: Rocky Mount, N. C.
Height: 5 ft., 8 in.
Favorite color: Blue
Favorite dish: Fried chicken
Oddity in likes: D. K. E.'s, Zete's, and S. A. E.'s
Favorite pastime: Answering telephone
Present reading material: Drums Along the Mohawk
Greatest worry: Biology

The Junior Class president has those "Tar Heels on Hand" at practically every possible moment; and who can blame the lads? Someone remarked the other day that she looked like an Angel's painting. She likes art and seems to know how to use "lines" in more ways than one.
