One of the most exciting and best liked sports played at Saint Mary's is now at its peak. What is it? Why, kickball, of course!
For the past week. Miss Harvey has been teaching kickball in gym classes and oh, how those new girls caught on to the rules! Old girls, you had better work hard to keep up with 'em! To make it more interesting, all gym classes are evenly divided into Sigma's and Mu's, thus allowing keen competition in every class.
Besides this, kickball practice is held every Thursday and Friday from four to five o'clock for anyone who is interested. Come on, girls, whether or not you have ever played before, because learning how is half of the fun! By attending these practices, you will not only add points to your team, but you will have a jolly good time.

Much splashing and many screams of delight may be heard in the swimming pool on Sunday nights between eight and nine o'clock. It is opened for anyone who would like to take a dip and because it is so much fun, why not take advantage of it? There is a grand water ball down there and last Sunday an exciting game of water polo was played!

On Tuesdays from four to five o'clock, there is an advanced swimming class in which the students work to improve their strokes and dives. The Beginners class is from four to five o'clock on Wednesdays, and it is in this class that the fundamentals of swimming are taught. Now here are two good chances for everyone to learn more about swimming!
By the way, have you noticed those beautiful swimming charts Miss Harvey made? Those stars certainly do help in finding out how many tests have been passed, don't they? For the girls who do not understand about these charts, the red and blue stars indicate whether you are a Sigma or Mu, and a star is added for every test you pass. There are about five tests in each division and as you pass off a whole division, your team will receive a certain number of points. Let's see if we can't get that whole chart covered with stars!

## IIHRARY DATA

Here's a list of new books which can be read for pleasure, English parallel, or both. Come on! Let's read!

## ALUMNF NEWS

Wednesday afternoon, October 19, the alumnæ of the Raleigh Chapter met in the school parlor. Mrs. Gordon Thomas, who was elected president last spring, opened the meeting. The minutes were read, followed by the treasurer's report. The new business, socially speaking, was next attended to. It was decided that a benefit bridge party would be given Wednesday night, November 9 , at the Carolina Hotel. Everyone seemed delighted with these plans. The following committees were appointed: Ticket, Miss Kate Spruill; Place, Mrs. W. W. Vass; Table, Mrs. E. P. Hough; Refreshment, Miss Mary Lawrence Withers; and Prize, Mrs. A. S. Pendleton. After these decisions, the meeting adjourned.
