United War Fund Drive Is Success At Saint Mary's

O.C.C. Has Been Organized At Saint Mary's

Lt. Kaltenborn and Mrs. W. C. Guess Are Directors

Saint Mary's Officers' Candidate Corps was organized under the direction of Lieutenant Kaltenborn, U. S. Army, and Mrs. William C. Guess, on Wednesday, October 6, to train Saint Mary's girls who participated in military drill last year as officers and instructors for the new students.

The 90 girls taking this course are divided into twelve squads. Each girls and is squad contains seven led by one of the soldiers from the ROTC-ASTP stationed at State College. This drill work is beneficial to the soldiers as well as to the girls since the former are being closely observed by Lt. Kaltenborn, and their ability as instructors will be recorded to help determine their final classification in the army.

The girls meet every Wednesday afternoon on the athletic field for instructions. Within two or three instructions. Within two or three weeks Lt. Kaltenborn expects some of the girls to be capable of taking over squads of new girls; others will continue in advanced drill instruc-tion until more instructors are

Pfc. Thompson, 6th Squad Leader, said that he thought the girls responded most admirably and had excellent possibilities. Pfc. Brake, 2nd Squad Leader, said, "They look good to me-and you can take that as you wish!" Pfc. Reynolds was quite surprised to see how well the girls could drill, and declared enthusiasti-cally that in a few weeks "They'll be durned good!"

Many conjectures have been heard around school during the past week as to what relation Lt. Kaltenborn is to the famous commentator. When asked about this, the Lieutenant said he was a cousin but not his son or nephew as many supposed.

The Saint Mary's quota in 1942 was \$1,244.90. This year the quota was \$1,357.37, a ten per cent increase over last year's, but the quota for Wake County for this year is \$193,000 against a \$145,000 for last year, indicating an increase of

thirty-five per cent for the county as a whole. Thus Saint Mary's was asked for only a ten per cent increase in contribution, although the increase for the county was thirty-

five per cent.

The Seniors took over the drive for the student body and made up teams to collect from each hall. The campaign got under way October 13 and ended October 22. Dr. Robert Wright spoke in assembly Tuesday. In Thursday's assembly the method of campaigning was explained to students, and the drive terminated last night.

The increase in the size of the goal this year may be attributed to three definite factors; first, to the increase in the size of our armed forces; second, to the growth of new war relief agencies; and third, to the maintenance of local social agencies despite the increase in the cost
