## THE RT. REV. ROBERTS IS FIRST LENTEN SPEAKER

The Rt. Rer. William P. Roberts, lately Episcopal Bishop of Shanghai, China, opened the Lenten season on Ash-W'ednesday in Saint Mary's Chapel with an interesting and rerealing account about life in China lofore and after war was declared, the period of his internment, and about his trip home in December on the second royage of the Cripsholm. Contrary to the opinion of many, some of the Japanese are not nearly so inhumane toward civilians as we are led to believe. The students showed so much enthusiasm that Mr. Tughes invited the Bishop to speak to his senior Bible class. Thursday torning, when they were given an 'portunity to ask many questions

## Saint Mary's Holds Tri-School Play Day

## Letter Club Sponsors Event

Saint Mary's Letter Club enterained representatives of Peace Junior College and Meredith College as well as numerous spectators at an enjoyable Play Day last Saturday afternoon. The president of the Meredith Ithletic Association, Generieve Chiffelle, and the president of Peace Athletic Association, Barbara Reins, assisted in the activities. Regstration took place at two o'clock in the gym. Girls were welcomed and taken to different students' rooms to dress. Participants came from each school and were divided into three groups to play different sports. Foxie Clark had charge of swimming; Fannie Cooper, kickball; and Ann Hirst, basketball
In the first basketball game Meredith won over Saint Mary's, 26-20. Hirst, Grantham, H. Williams, Rylander, F. L. Brooke, and K. Legg played for Saint Mary's. Peace played entered into the competition, emerging rictorious over a team of Meredith and Saint Mary's girls. Barnie White and Ruth Moore represented us on the mixed team.
The swimmers participated in games and relays, followed by free swimming. Saint Mary's swimmers were Strect, Kemper, and Morris. Some unusually good divers were present.
On the athletic field two mixed teams played kickball with Jackie Stoughton keeping score. Those repStoughton keepi Mary's were Bunn, F. Cooper, Dysart, M. Thomas, Hood, and Bass. Team No. 1 was triumphant with a score of 8 to 5 .

## Saint Mary's Girls Vote On Most Popular Articles

Gossip Columns Rank as Favorites; Serious Articles Aren't Spicy Enough

Last week the Belles conducted a survey among the students to determine which articles they liked best and read most. Mimeographed sheets were distributed on which the girls could designate whether or not they liked different articles.

The results showed that Saint Mary's girls are human, they like gossip, because the most popular articles are such columns as Saint's Sallies, Mus Musculus, Freshman Janie, and Campus Notes. Also popular are Belles, Birthdays, Interviews, and $A t$ The Theaters.

The least read articles are editorials, According to Parker, Hints on Hits, Sigma-Mu, and Like Poetry. Concert and drive articles are not very favorably received, either.

It is gratifying to note that a number of people read the entire paper. One person wrote, "I read the entire paper. Thanx," instead of making checks. Another comment was "I do not think the paper is radical enough." One person remarked at the end of her survey sheet, "Writ by a dope," which we might take to mean several things, but we won't.

## Private Jones Says WAC Life Is Tops

Dear Frenchie,
It is grand to feel that our old Saint Mary's students are still interested in us, but after reading Miss Johnson's exciting letter from North Africa, I hesitate to describe for you Miss Harvey's and my comparatively tame life at Fort Knox. But you asked for it.

Fort Knox is headquarters for the Armored Command; so convoys of tanks wake us up in the morning, shake us at any time of the day, and lull us to sleep at night. $\Lambda$ s you see by our address, we are in The Armored School, but as office workers rather than teachers or students. Miss Harvey works in the supply room of the Tactics Department, where she is surrounded by everything from pencils and paper clips to live ammunition and enemy uniforms. Her work is mainly with the records, but she also handles the supplies themselves. My work is in the office of the Persommel Consultant, the psychologist who deals with all the problem soldiers in the School. My main routine job is to keep the case histories up to date and to file each one so that I'll know when to call that soldier in for a check-up. In addition, I prepare research reports on various phases of the work of the Persomnel Consultant's office. My spe-
