SUPPORT YOUR TEAM

Interest in Sigma and Mu competition may not be so keen this year as before because many girls probably do not understand the organization and point system of the athletic association.

By going out for a sport and making the team, a girl receives points which not only help her win an award at the end of the year, but also help her athletic society win the plaque.

An athletic society gains points by winning the tournaments in a major sport (hockey, basketball, tennis, swimming, softball, bowling, volleyball, by winning the tournament in a minor sport (ping pong), by having a member who wins the posture contest, by participating in a tournament, although losing, and by the total number of points gained by the individual members.

A girl may gain points by coming to practice according to the requirements set by the instructor and by making a team. Girls who earn the largest number of points, are outstanding in a major sport, or are a member of the All-Star team in a certain sport win various awards and monograms.

Every effort should be made to maintain the high goal for physical fitness set during the war. Go out for a sport, or at least cheer your Sigma or Mu team on to victory.

WORLD WAR III?

The statement, Nazism is not dead, should be of interest to almost everyone. Recently Washington released a "blue book" which tells how strong a foothold the Nazis have in Argentina. The report flatly stated that the Nazis,

with the aid of the present Argentine regime, plotted a situation which in the future would be very favorable to them. The "blue book" also states that there are still Nazi schools, singing societies, and many cultural activities going on in Argentina. Nazi agents still operate there, Nazi organizations continue to collect funds, and Nazi businesses have not been effectively controlled, and are still powerful.

The material for this "blue book" is based on American findings in Nazi documents discovered in a German salt mine. The American diplomats say that the purpose of the document is to make clear why the United States opposed the present Argentine regime, and why it would not sign an inter-American military treaty with Argentina.

If something is not done about this situation in the Argentines soon, we may have another Hitler appearing, with the inevitable result—a third and disastrous World War.

LETTERS TO THE EDITOR

Dear Editor,

I don't think that the telephone system here at Saint Mary's is altogether satisfactory, that is, not satisfactory to the girls who don't live in Holt or West Rock. I believe that I am correct in saying that it is a Senior privilege to receive calls during Study Hall, but the Seniors who live in either of the Wings and Smedes have no way of knowing whether or not they receive a call during Study Hall unless they happen to walk by the bulletin board in the covered way. I would like to suggest that, in addition to the girl who keeps the phone in East Rock, there be a page to go after the Seniors if they receive a call during Study Hall and to let the underclassmen know that they have a call so that they can make them right at nine-thirty. I believe that all of the girls who live on these halls would be willing to take their turn at paging. There are only three phones that we can use, besides the

Saints' Sallies

Red hearts of candy and dozens of red roses played cupid February 14 at Saint Mary's. Most all the men remembered (believe it or not) and sent lovely things like John Reese's corsage, Mil's dozen roses, and Sue Thomas' beautiful pin ones. "Coop" got not only flowers but a stuffed animal, pennant, and an A.M.A. ring and bracelet. No wonder she's all smiles. Martha Conger and "Beau" Welsh were wearing flowers last week-end. Peggy Swindell got an exciting wire from California for Valentine's. Helen Barnes got beautiful ear-rings, made of West Point cuff links. . . . Estelle got many boxes of candy. "We" really rates. She got a Valentine signed "Secret Admirer." Sally Valentine was especially good. Ruth Whalen, who received a letter from Annapolis, which was better than the usual Valentine. Buddy Pierce seems to be faring pretty well with both an orchid and candy in the same week from the little guy at Fort Bragg.

Lethia and Mil had a gay time in Richmond last week-end. Betty had fun at home too. She rode in '46 Mercury all week-end and dated a former V.P.I. man for a steady fry . . . an' it seems there'll be another date in the near future. Al Lewis, tired but happy, had a week-end at home.

Ask "Jack" White, Jane Dickerson, Anne Husk, and Gingie Werlein what they thought of the blind date Saturday night. "Spot" and Martha Helen had dates over for the dance. Lib Price was dated up Saturday night, too. Ummmm . . . that's foot four Marine was here to see Beverly again. Charlotte Buchanan and Gingie Werlein dated State College men last week-end. "The help of Elon College" kept Edith Allison and Mary Anna Dunbar busy Saturday night at the dance.

There are big plans for the near future. Mary Anna Dunbar, Martha Rose Crisp, Joyce Tomlin, Gertrude Hines, "Sandy" Spilman and Virginia Cullen will be going to Davidson. Mary Pinckney plans a week-end at Annapolis, and Martha Best is going to West Point. Ann and Sue Everett are going to Miami winters at State . . . an' then Sue and Mary Leah are going to Wake Forest for the dances.

Betty Anderson seems all a dither these days. That man of hers asked her to P.C. for the week-end. She's not very excited, oh, no!

Pegge Misenheimer loves to watch those State basketball games. Yes, Pegge, we think he's a cute forward too.

Frances Collett had a moment of terror last Saturday night when her date called and said that he had wrecked the car and couldn't come. But every cloud has a silver lining; he came in spite of all.

Betsy Carter thinks a certain Captain in Wilmington is mighty cute 'specially those eyes!

Jean Strickland went to the dance at Duke last week-end. . . . Jean Hassler's Marine was here last week-end. Joan seemed mighty excited about the whole thing, and no wonder, did you see him at the girls' break?
