## Legislative Body Has Second Meeting Of Year To Consider New Petitions

### Al Wilson, Chairman, Prepares To Argue for Students' Rights

One of the duties of Saint Mary's Legislative Body is "to pass or reject student petitions regarding social and dormitory regulations." The Body will meet on Friday, February 10, to perform this duty. The petitions which are passed by the Body will be turned over to Dr. Stone, who will make the final decision as to whether or not they will go into effect.

The Legislative Body includes faculty and student members. Alice Wilson heads the group as president, and Rosalie Huske serves as secretary; Ann Nicoll is chairman of the petitioning committee.

### STUDENT PETITIONS

For given reasons students petitioned for the following privileges:

1. "That all students be allowed two meal cuts a week provided that (a) the student sign up at a designated place twenty-four hours in advance, (b) her table be notified in advance to prevent abuse of this privilege, (c) her hall counselor be notified, (d) she does not use both cuts the same day. Meal count and penalties may be decided by the Hall Council. This will further school spirit, cut down dining room expense, and eliminate skipping of meals."

2. "That the recreation room be opened every weekday afternoon from 5:00 to 5:55 for dating, with a faculty member acting as hostess."

3. "That students be allowed to date the same boy as many times as their dating privileges permit them on the week end, provided they obtain parental permission."

### SATURDAY DINNER

4. "That Saturday night dinner be voluntary for all students, provided students not out on slip be required to sign up." It was added that this arrangement would eliminate skipping of meals and would be more efficient for the dietician.

5. "That seniors be allowed to stay out until 9:45 p. m. on Sunday night." The petitioners suggested that an extra fifteen minutes would allow seniors more adequate time to dine and see a complete movie.

### LATE LIGHTS

6. "That students be allowed to take late lights in their rooms. . ." The advantages offered are that it is more comfortable in the rooms and easier to get to bed. The petitioners wished to bring attention to the fact that this privilege was not abused during exam week.

7. "That the freshmen and sophomores of Saint Mary's School and Junior College be allowed to date together and no

longer be required to have an upperclassman accompany them." The petitioners feel that underclassmen are a burden to the upperclassmen, who have to bring them in at 10:30 and thus interrupt their evening. They feel it is often inconvenient to their dates also for their plans to be interrupted by strangers. Finding someone with whom to sign out, they added, is often difficult and consumes a great deal of time.
