Here at State, Bobbie Watson, Rowena Brinser, and Lynn Boyce were seen at the Pika house.

The week-end of November the 18th and 19th turned out to be a very prosperous one for St. Mary's girls. Those who went to Davidson to see the Four Freshman and the Kingston Trio were Betty Lynch, Edith Kellerman, Martha Rose Lambeth, Ann Benson, Mary Lee Hinson, Margaret Glenn, Mary Moore and Foy Roberson.

Friday afternoon the famous "Cold Cuts" gave an excellent concert at the KA house here at State. Assembly Program Scheduled

From November 22 until Christmas, assembly programs will be very entertaining. On November 22 some of Miss Cate's voice students gave a recital of light music. Next week (November 29 and December 4) both assembly programs were given by the Honor Council. On Thursday, December 8, Mr. Dick Anderson, travel consultant for Wachovia Bank, will show and narrate a film on Russia. The first year dramatic students will give a Christmas play, "Three Pills in a Bottle" on December 15.

Muse Gets Underway

The *Muse*, St. Mary's literary magazine, has Mary Anne Carter for its editor this year.

The staff, which numbers about twenty-five, is chosen on the basis of recommendation from English teachers and their own personal interest in creative writing.

Under the direction of Miss Sarah Jones, the group meets once a week to read and criticize the work of the other members. Many types of writing are studied, including short stories, poems, satires, and essays.

Each year a magazine of creative writing is published by the members. Editor Mary Anne says, "We expect to publish the *Muse* in the early spring."

Mock UN Assembly To Be Held

Recent excitement in the United Nations makes the coming mock U. N. assembly to be held at Duke University of particular interest to St. Mary's students and to other college students of this area. On February 23, 24, and 25, delegations of five members each from surrounding colleges and universities will assemble at Duke to take part in reconstructing a typical United Nations meeting.

Each delegate will represent a U. N. member nation. Exactly which nation the St. Mary's girls will represent is unknown at present, but the hope is that it will be one of the smaller ones which would wield great influence, such as Ghana, Cuba, or a Middle East country.

There is hope among the delegates that Dag Hammarskjöld, Secretary General of the United Nations will pay a visit to the assembly at Duke.

Issues and U. N. policies will be debated in committees and on the floor of the mock general assembly. College students will have the opportunity to voice their opinions on such great unsettled problems as the Cold War and disarmament.

Delegates from St. Mary's are all students of Miss Morrison and Mrs. Martha Stoops. Extensive study and preparation are ahead for the delegates in order that they may prepare themselves for handling the intensive work of the U. N.
