Elected as Fire Marshal was Miss Fran Tupper, from Columbia, S. C. She will work with the Raleigh Fire Department and Miss Richardson in planning the fire drills and in seeing that they are carried out properly.

Misses Beth Harris, Nancy Earnhardt, Mary Ann Allen, Angela Harmon, and Sheila Summers were the other nominees.

Leg. Body Sec., Jane Marzoni and Fire Marshal, Fran Tupper.

### Predictions for '67-'68

By Jessica Gillespie

It's all over. For many it has been a good year, for some it has been, well we might say unforgettable. Now it's time for happiness and relief, tears and reminiscences. But next year will be here in the twinkling—let us see what the stars can tell us about what next year holds for all lucky returning freshman and juniors.

Next year's seniors will be housed in Smedes. Seems the administration feels they must keep a closer eye on them. What do they mean about a discipline problem.

All seniors will pass summer reading tests. It will be a snap with their wonderful background in mythology.

Phone hours will be extended. We know not where, but they will be extended.

Due to student request, Chapel will be held three times on Sunday. This extra service will give every student a chance to try playing "bouncing fingers" on the organ.

New Juniors will hold nightly tutoring sessions for seniors. Special sessions will be held in hygiene and speech.

Increased St. Mary's patronage will force the Pancake House to expand. It should be a sticky sweet year.

A specially equipped complaint box, especially for juniors, will be built for lower Smedes. According to the Handbook, the slips will be collected each morning at 7:15 and burned by Miss R.

Parent blanket permission for Durham and Chapel Hill will be a college privilege. However, a hostess invitation and permission from the date's mother will be required.

As a perfect ending to a perfect year, all thirty seven members of next year's class will graduate.
