

WELCOME PARENTS

VOL. XXXV NO. 3

ST. MARY'S COLLEGE, RALEIGH, N.C.

OCTOBER 29, 1977

TO ALL OF YOU- FROM ALL OF US

by Martha Kornegay

Most girls would agree that parents are like boys—"you can't live with them and you can't live without them!" There were many times in high school when we found ourselves literally gritting our teeth to avoid blurting out exactly how we felt about our parents at a certain moment. "Be in at midnight," "You are not leaving this house in those jeans," "You cannot go out with that wild boy," "Clean up your room," and "Eat all of your green peas" became very familiar phrases which we were all forced to live with, all the while thinking that our parents were depriving us of our fun high school days. However, now that we are away from home and the constant surveillance of our parents, we can appreciate them more and realize that we actually could not live without them.

The general consensus of

the St. Mary's population is that we all enjoy the freedoms of being at college, but we also enjoy the luxuries of home. Since being away from our parents and home, many of us have had to learn how to work a washing machine and dryer, iron, sew on buttons, and even worse, how to wake up to alarm clocks. No longer can we take our frustrations out on our families. It is now our roommates that have to suffer through our bad moods, and they are not always as understanding as our parents would be. One of the first things that we missed was Mom's good ole home cooking. It has taken two months, but we are finally getting used to the St. Mary's cafe food as well as 5:00 dinners. Even those pesty little brothers and sisters are missed at times—especially when we need a

loan! Now we are blessed with not just one mom, but fifteen "hall moms" to tell us how much weight we have gained, how our outfit and make-up looks, and to approve or disapprove of our dates.

Of course these things make home a nice place to visit, but Mom and Dad you are the reason that we miss living there. Your constant support, your unmatchable devotion, and your never faltering love are what we truly appreciate now that we are living away from home. Thanks for everything Mom and Dad!!! To show you our gratitude we give you this weekend with love.

P.S. Mom, your spaghetti really is the best!!

a trick or treat is still a mystery. After they have gotten their full of candy from the dorms they will have one final treat. The Cold Cuts will play for them.

On Halloween the children from the Governor Morehead School will be treated to an evening of fun at St. Mary's. The Vestry will sponsor all sorts of activities for them. A TOUCH OF FRANCE

The French Club recently held its second meeting to elect officers and plan monthly meetings. Cindy Davis, President; Jay Jay Winrich, Vice-President; and Wynne Gregory, Secretary-Treasurer, will be planning the activities for the group of approximately 25 members.

On October 12, the group was entertained by two guest speakers from Nice, France. Madame Brigitte Hernandez and Madame Danielle

Sourbes were invited by Dr. Doreen Saxe, club advisor, to give an informal and candid talk. The women discussed contrasting elements between the lifestyles of American and French teenagers and gave the girls an idea of life in France from a young person's point of view.

The club plans to bring "a touch of France" to St. Mary's by designating a dining room table for conversation in French (La Table Francaise), by having cheese parties, and by going on French picnics. Announced meetings will be held monthly in the Day Student House. All interested students are urged to attend.

New Cold Cuts Inducted

On Monday October 10, at 6:00 the student body gathered in Pittman Auditorium for the announcement of the seven new "Cold Cuts." After several cold cut selections by the original seven, a few skits, and much deliberation, the girls were announced one by one.

St. Mary's Sponsors Bloodmobile

On October 12 the Vestry sponsored a blood doing station in the board rooms of the St. Mary's Library.

The Bloodmobile is part of the Piedmont Carolina's Blood Center program which has its headquarters in Raleigh. The goal of the Center is to supply area hospitals with the 950 pints of

blood necessary for each day.
