Does Santa Claus Really Exist?

Well, it's been depressing but the overall census at Saint Mary's is conclusive: SANTA CLAUS DOES NOT EXIST! When I asked several students how they came to this conclusion, most agreed that an older sibling or neighbor had told them. Brimmage Spruill was one of these; yet she seemed not to miss Santa Claus as her and her brother found and rewrapped their presents as Christmas approached. Some other people learned the hard way, by seeing their parents do Santa's job. This seemed a more traumatic experience and harder to accept. As for this reporter, when you're told there will be no presents unless you believe in Santa, well I write a letter to him every Christmas.
