### To the Pastors in the State Biblical Recorder.

There are a number of ministerial students from North Carolina at the Seminary and at Wake Forest who desire to spend vacation in the State either in protracted meeting work or as supplies for pastors during their vacation.

The Board instructed the Corresponding Secretary to communicate with the pastors of the State and put them in correspondence with ministerial students if they desire to effect an arrangement with them for summer work. In compliance with the instruction of the Board, I take this method of saying to the pastors that I will be pleased to put them in correspondence with the North Carolina brethren who are now at the Seminary or at Wake Forest. Any pastor who wishes a supply or would like the service of one of these young brethren in protracted meeting work, will please let me hear as soon as possible. The schools will close in a few weeks and ministerial students wish to make their arrangements before they leave school.

Livingston Johnson.

We publish the above article of Bro. Johnson's with the desire that some of our Mountain pastors will take advantage of the opportunity to secure the service of some of these young ministers who are preparing themselves for the ministerial work. It would be an advantage to our mountain people and a pleasure to the young brethren for some of them to spend the summer with us in protracted meetings.

Don't buy a wagon at any price until you have carefully examined the Look & Lincoln. After you have done this, we will price you the cheapest wagon, quality considered, you ever saw, and the best in the world at the price. You don't know how good a wagon can be made until you examine this one.

The lightest running wagon on wheels is the Look and Lincoln. No more break-down and no excuse for ne'arious words if you buy this wagon. Examine it—it will richly pay you to do so.
