TWENTY NEW STUDENTS FROM SEVEN STATES **ENROLL FOR SEMESTER**

Enrollment Of 500 Is Hope Of College Authorities For Second Semester.

TARHEELS LEAD

Enrollment for the second semester, which commenced January 21, 1934, is steadily increasing and the number of students expected to enroll, in all probability, will pass the 500 mark.

Total enrollment last year was 480. College officials, are confident that last year's mark will be passed, due to the fact that many students who failed to register on registration day have indicated a desire to enter within the next week.

The opening of the Spring term finds twenty new students on our campus from scattered regions. The register shows that the boys outnumber the girls by 6, there being 13 boys and 7 girls.

The majority of new students are from the Old North State, eleven claiming North Carolina as their native berth. South Carolina with a total of 3 students; Virginia, 2; and Tennessee, Pennsylvania, Indiana. and New York 1 each.

The new students will find a cordial welcome to the four literary societies on the hill. The Clio's and the Non's invite all the new girls to their regular meetings Thursday afternoon.

Interesting programs will be featured at the meeting of the Eu's and Phi's on Friday nights. All new men are urged to attend one of the two groups.

BASKETBALL TOURNEY

PLAY BEGINS FEB. 16TH

Preparations for the ninth annual Western North Carolina High School Basketball Tournament, to be held here on February 15, 16, 17, are now underway. Invitations have been sent to all leading Western North Carolina high schools, and plans are being made at Mars Hill to accommodate sixteen visiting teams.

This tournament, sponsored by Mars Hill Junior College has been held annually for the past eight years with ever increasing success, until it has developed into what is doubtless one of the outstanding high school basketball tournaments in the South from the standpoint of the amount of interest shown and from the high type of basketball played by the contestants. Coach Oren E. Roberts who is largely responsible for the tournament remarked: "I believe that this tournament has greatly raised the standard of basketball played in this section of the state and also has improved the sportsmanship of those competing."

During the course of the past eight years, more than one hundred teams have visited Mars Hill to compete in the yearly tournament. Although the tournament is open to any high school basketball team in Western North Carolina, the school has found it necessary to limit the number of teams competing to sixteen, since the burnament has grown so rapidly. The lixteen teams allowed to enter the contest will be selected by the college on the basis of their previous

Always in the past lively competition has been displayed, since a much valued award is offered by the college. To the winning seam is given a silver basketball, while the players are given miniature basketballs of gold. Other awards are given to the runner-up in the contest. Any team winning the silver basketball three years in succession is granted the prize as a permanent possession. However, no team in the history of the tournament has gained the trophy for keeps, although Sylva High Group of Students Washburn is Young Peoples' Worker School won the prize two years in succession, as did Leister High.

The silver basketball is now in the possession of West Buncombe High School, who won it last year in an exciting final contest with Mars Hill High School, in which three extra (Continued on page 4)
