

SPORTING With The LIONS

With the coming of spring all thoughts of basketball are left behind us and our fancy turned to the three sports that will be dominant on our campus for the remainder of the year. 147 boys reported to Coaches Roberts and Johnson when the call was issued for baseball, track and spring football practice. Although many of these boys will never take an active part in varsity ball, it makes the coaches feel that the students are really behind the athletic program at our school.

According to Coach Roberts an amateur baseball league will be underway after the spring holidays. This will give many boys an opportunity not good enough to play varsity ball much experience. If there are a freshman there is a possibility that this experience will enable you to wear the Gold Jacket for Mars Hill next year. During the past years, keen competition has been provided among many various teams and this year should be no exception.

Our own pride and joy, C. G. Brown, walked away with just about every honor possible at the Gold Medal basketball tournament which was held in Asheville recently. He was voted the outstanding player in the tournament, was high scorer and also made the All-Star team. Personally, we think that he was one of the best basketball players which we saw perform during the season. He should make a fine college player next year.

naming It Up We Find—

The tennis team is expected to start practice next week—Several freshmen have shown much promise and the team should be on a par with those of previous years. Our basketball team defeated the junior colleges in the state during the past season—They lost only two—A. D. Jones and Frank Gillespie are among the best players ever to perform for the school. Both of them have had much experience and the team will probably be built around them—To the delight of those who wish to play tennis, two new courts are being finished up in the shape for them—Although it is hard to believe, more people attend basketball games than any other sports—The success of next year's football team is going to depend much on freshmen material—Anyone interested in a doubles tennis tournament should get in touch with a member of the Hilltop staff. If enough are interested, the paper will sponsor such an event in the near future—After getting off to a start, our basketball team made their last seven ball games—So bad after all—Much praise has been handed this department by Mr. Wood's column which was in the last issue. It was a fine game, and may we take this opportunity to congratulate him—Why let each of the societies have a baseball team and play a five game series? This would furnish 1 societies with much enjoyment—We all know that with each society having their sisters pulling for them, that plenty of good would be seen.

MARS HILL COLLEGE 1938 BASKETBALL RECORD

	We	They
Mars Hill vs. Canton	30	24
Mars Hill vs. Enka	23	37
Mars Hill vs. Canton	20	16
Mars Hill vs. Biltmore	18	20

Mars Hill vs. Newport All-Stars	43	30
Mars Hill vs. Seroco	49	35

Total Points—Mars Hill: 845. Total points—Opponents: 945.
Games won by Mars Hill: 13. Games lost by Mars Hill: 15.

• This Year's Crop of Misses

(Continued From Page 2)
Any would-be Romeo will miss a lot by not attending these courses.

Spilman Spilograms—

Eleanor Warner, the girl who says that a girl doesn't have to eat worms to catch a sucker, now has fleas . . . Have you heard of the W. A. R.'s? It means "We Ignore Rules"; the "A" is only to make it hard to guess . . . "Jo" "Little Lulu" Yokley has more nicknames than any girl on the campus . . . We wonder if Florence Lester gives a Florie whether her Briggs comes in or not! . . . Is Rachel Brantley Parkering under the wrong tree when she signs her photos, "Because I Love You?" . . . Bettie Renfrow, tall and terrific from Myrtle Beach, is very, very angry because Miss Biggers stopped her from going to lab on Friday night. It seems there is a black-haired germ down there . . . To whom it may concern: Margaret Hendren sits on the back seat of the show only because she is afraid other people can't see over her . . .

Red, White and Jew—

Red Wright and Cleobelle Moore have established an all-time record around the circle in 2.068432 minutes . . . Jim White seems to have been taken by storm when he met "Hurricane" Adams . . . Eddie Lieberman should be requested to sing his Mars Hill song in chapel . . . It's a wow!!

Suggestions—

For the feature section of the Annual we suggest a panoramic view of Edwin Bender's stomach . . . May we also humbly suggest that Bill Davis stop eating candy . . . And that Horace Chamblee stop telling other people what onoses they are.

In conclusion let me remind you that it is better to have fooled and lost than never to have fooled at all. Bye, now—skip the gutter! Yours for Life, Love, Liberty or any other good mazagine!

—The Harvester.

College Honor Clubs Hold Regular Meets

(Continued from Page 1)

initiated into the club. They were: Clarine Braswell, Katy Ruth Grayson, Bernice Angel, Mildred Yates, Irene Maney, Alpha Smith, Lula Mae Teague, Marilee Hudson, Aileen Kennedy, Evelyn Hill, Lucille Lackey, Lois Myers, Lois Duck, Nancy Winston, Kathryn Blount, June Almond, Cynthia Jane Hempke, Wayne Oates, James Kirk, John Wykle, and Hazel Baldine.

The Business Club met in the Philomathian hall for their regular meeting. The program consisted of a debate—resolved: "That the practice of installment buying in the United States during the last ten years is detrimental to the nation's best interests." Eddie Russell and William Prentiss led the affirmative argument while Franklin Paris and Banner Shelton upheld the negative side of the query. Ella Currin Pinnell and Joel Hinton also had parts on the program.

Returning from the Southeastern Convention held in Nashville, the I. R. C. delegates and other members of the club held their regular meeting at the home of Dean I. N. Carr. A discussion by those attending the conference made up the program for the evening.

At the meeting of the Foreign Language Club in the Euthalian hall, Miss Eleanor Church, assistant librarian, in cooperation with the german students of the club, presented excerpts from her diary notes as well as pictures made in Germany during her recent European trip. Carl Adams, T. W. Ellis, and Howard Cates also presented parts on the program.

Meeting at the home of Mrs. W. F. Robinson, the Science Club presented a program consisting of initiation talks by C-I's coming into the club. Fred Davis, Elizabeth Deese, Eddie Higgins, David Middleton, Sam Pinnell, and David Harris took part on the program.

Football Squad Begins Spring Practice; Strong Line And Weak Backfield Probable

COACH ROBERTS

Baseball Season Open After Spring Vacation

With their first game of the season less than two weeks away, the Mars Hill baseball team has begun during several hard workouts during the past two weeks. The first practice game of the season will be held today between the varsity and the "B" team and it is hoped that the weak departments will be found out in this game.

According to Coach Roberts, the greatest need of the team is outfielders. Gene Alexander is the only letterman returning to the outer garden and two positions are wide open. There is a possibility that either A. D. Jones or Frank Gillespie will be converted into an outfielder. Both of them are catchers, but due to the fact that they are excellent hitters, one is expected to be changed.

Among the newcomers who have shown promise are: "Lefty" Briggs, Bryan Leeper, Francis Taylor and Paul Holden.

Both Briggs and Taylor are pitchers, while Leeper and Holden are infielders. Briggs has shown plenty of speed to date and from all indications he will be a starting pitcher.

Along with Briggs, C. G. Ray will bear the burden of the mound department. McMahan will be back at second, Peek at short, and Therrell at third.

Below is a list of the games scheduled for April:

- April 1: East Tenn. Teachers college at Johnson City, Tenn.
- April 2: Boiling Springs at Mars Hill.
- April 8-9: Textile Industrial Institute at Spartanburg, S. C.
- April 15: Blue Ridge School at Mars Hill.
- April 16: W. C. T. C. at Cullohee.
- April 21: L. M. U. there.
- April 22: Hiwassee there.
- April 23: Milligan at Johnson City, Tenn.
- April 25: East Tenn. Teachers college at Mars Hill.
- April 29-30: Textile Industrial Institute at Mars Hill.

Stringfield And Murray Are Only Lettermen Return- ing to Backfield.

"Strong from end to end and weak in the backfield" will sum up the football team that will take the field for the Mars Hill Lions in 1938. Under the direction of Coach Oren Roberts, the team has held several hard workouts during the past week and from all indications the success of next year's team will depend largely on freshmen material.

The Lion's line should be one of the best in the history of the school if spring practice conditions hold true. Of the ten lettermen returning, eight are linemen, and with plenty of reserve strength, the forward wall should be tops.

Jim White and A. D. Jones will hold down the flanks, Martin and Higgins will hold down the tackle positions, and Brown and Squires will be back at the guard posts. Leeper and Whitaker will fight it out for the center job. Both of these boys won letters last year and a real fight for this position is promised.

The backfield is a big question mark. "Chic Murray" and Calvin Stringfield are the only two backs returning who earned letters last year. There is a possibility that Coach Roberts will shift some linemen to the backfield. Several linemen from the local high are planning to enter the college next year, and due to this, several of the linemen will be shifted to strengthen the backfield.

Mars Hill Delegates Attend I. R. C. Meet

(Continued from Page 1)

Peace. Clubs have been organized in the forty-eight states of the United States and in thirty-two foreign countries. Their motto is "The only way to keep out of war is to prevent war." The work of this organization has been recognized internationally.

Those representing the I. R. C. unit of Mars Hill were: Ruth Martin, president of the local club; Professor R. M. Lee; Billie C. Henderson; Lewis Hamlin; and Dorothy Drake.

College Inaugurates New Radio Series

(Continued from Page 1)

On March 24, Professor Hoyt Blackwell and Dean I. N. Carr will be interviewed by Mr. Wood on the subject, "Mars Hill's Plan for Greater Service." Furthering the theme of junior college service, on March 31, Miss Gladys Johnson and Miss Eleanor Church of the library staff will be interviewed by Mr. Wood on "New Emphasis on the Junior College Library."

Rounding out a complete discussion of the college, "The Physical Education Program in the Junior College" will be discussed in the interview of Mr. O. E. Roberts, Mr. Fred Dickerson, and Miss Velma Shaw of the department of physical education by Mr. Wood on April 7.

An "Easter Music Program" will be presented under the direction of Miss Coon and Miss Biggers, accompanist, with Miss Gwin assisting on April 14. Finally, on April 21, a program of "Dramatic Interpretations" will be presented by the department of speech under the direction of Miss Bonnie Wengert.
