Another faithful young student of the ministry, Dick Heller, and his assistant, Aubrey Phillips, meet with a group of nearly 30 people each Sunday for a worship service. The place of assembly is a little unoccupied home about one and one-half miles from the campus. The people come during the week and work faithfully to make this little place worthy by cleaning it, putting up pictures, and making benches. The Sunday School contains a class of young girls and classes of children and adults. This little organization on Bruce Road is going to grow.

Also at Cove's Cove, 10 miles from the campus, we find two more of our splendid young men at work. Here we find Cecil Davis and Ronda Robbins working diligently among the people, using a rebuilt school house for their mission. Their membership numbers 20 persons, but seems to be growing each week. These students leave the campus at 10:00 A.M. and arrive back at 5:00 P.M., having walked five or six miles in the meantime. At the Cove a Sunday School lesson is taught each Sunday and a short sermon is brought. Plans are under way for a temperance reading contest. The people are earnest and highly enthusiastic in every phase of the work.
