Library Announces Change In Staff

Mrs. Paul Dunstan, who served as assistant librarian in the Montague library for the fall term of 1943, has found it necessary to give up her work here because of ill health. Her husband, Dr. Paul Dunstan, is with Uncle Sam in Iceland, and she was planning to work in the library until he returned. During the short time she was here, she endeared herself to the faculty and students alike. It is with sadness we see her

part of the spring term.

To insure the pursuit of the aims and principles of the college founders, the charter was changed in 1925, giving the Baptist State Convention authority to appoint thereafter the board of trustees.
