DR. SEYMOUR ASSUMES **DUTIES AT MARS**

After being empty for nearly three months, the pastor's study in our church is again occupied. There are books and more books, a picture of a Yale graduating class, and an energetic, enthusiastic young man. Yes, our new pastor, Dr. Robert Seymour, a lover of mountains and people, is already busy at his task of getting acquainted. Having recently been in school, Dr. Seymour is sympathetic with

student problems. Last June he received his Doctor of Philosophy Edinburgh in Scotland.

Dr. Seymour's education was begun at the Citadel in Charleston, South Carolina. His father, an alumnus of the Citadel, insisted that he attend the military school for one year to learn discipline and orderliness.

After he attended the Citadel for a year, he was called into the Navy. Being a candidate for a chaplaincy, Dr. Seymour was sent to Newberry College and later received his Bachelor of Arts degree from Duke University. Still under the sponsorship of the Navy, he served as assistant chaplain in the Naval hospital in Bambridge, Maryland.

Seeking to continue his education, Dr. Seymour attended Yale University. After receiving his Bachelor of Divinity Degree there, he was awarded a fellowship to study abroad. He chose to study at the University of Edinburgh.

Meyers Park Baptist Church in Charlotte then called Dr. Seymour as assistant pastor. After leaving Charlotte he served as pastor of the Warrenton Baptist Church in Warrenton for three years. Feeling the need for further study, he attended the University of Edinburgh for a second time, receiving his Doctor of Philosophy degree in 1954.

Travel Experience

This native South Carolinian has had unusual travel experience. From June to October of last year he and one of his friends enjoyed an overland camping trip from Paris to Jerusalem, retracing for a part of the route a missionary journey of the Apostle Paul.

When questioned about the current campus rumor concerning "Miss Universe," Dr. Seymour related a story which may prove disappointing to many who just "couldn't wait" to meet her. Since "Miss Universe" is a senior at Landers College in Greenwood, Dr. Seymour's home town, he chanced to meet her. They enjoyed each other's company for one evening.

The beauty of the mountains and the friendliness of the people have greatly impressed Dr. Seymour.

When Transferring

It's almost too late now for the

seniors of Mars Hill! But, you sopho-

mores and juniors have adequate

time. If you will graduate in the

class of '56 or '57, you should begin

now to study the possibilities of further training in the graduate school

which is best suited to your need.

We at the Eastern Baptist Theological

Seminary have one of the finest pro-

fessional training schools available on

the graduate level. Naturally, we

wouldn't be of much service to you who will be in training for jobs

classified as "outside church voca-

tions." (However, we pray that all

young people of the Christian faith

will sincerely seek to live a life wor-

thy of the name, Christian, in no

matter what vocation they choose to

follow.) But, we do have something
