

### Cast Set For Final Production

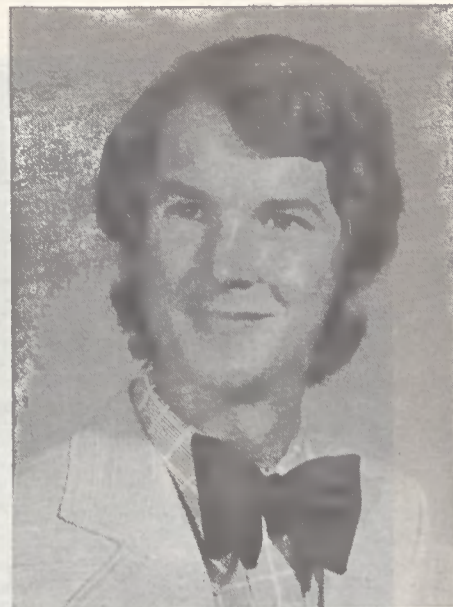

MARS HILL - The cast for two French comedies, the final production of the 1973-74 season at Mars Hill College, has been announced by the play's director, C. Robert Jones, associate professor of speech and drama at the Baptist school.

The *Apollo of Bellac*, a one-act play by Jean Giraudoux, and *The Doctor in Spite of Himself*, reputed to be the loudest and funniest of Moliere's plays, will be presented in the college's Owen Theatre May 3 & 4, with repeat performances May 6 & 7.

Both of the plays are described by director Jones as "raucous comedy," and he is planning to use a simple set design characteristic of the 17th century *commedia dell'arte*. Many of the cast will do double duty, playing roles in both productions.

In the Moliere play, James W. Thomas, associate professor of speech and drama and acting department head, will play the lead of Sganarelle. He will also play the Chairman of the Board in *The Apollo of Bellac*.

The female lead in the Moliere production, Lucinde, Sganarelle's daughter, will be Marsha Holmes; Sganarelle's wife, Martine, will be played by Debbie Rivers; Geronte will be played by David Covington, who will also play the male lead of *The Man in Apollo*; Monsieru Robert, Sganarelle's neighbor, will be played by Stephen Harris, who will also play the role of The Vice-President in *Apollo*; Leandre, Lucinde's suitor, will be played by Timmerman Walker, who is also The President in *Apollo*;

### Christian - New Chief Justice

The Judicial Council and the Student Government Association Senate has elected Dan G. Christian as the Chief Justice of the Student Court for 1974-75. Christian is a native of Raleigh, N. C. and is a Sophomore Political Science major who plans on attending law school upon graduation from Mars Hill. He has served in the Senate both his Freshman and Sophomore years and has served in the Senate as President Pro-tem and Chairman of the Legislative Review Committee.

Beginning this week, applications for justices to sit on the court will be available for interested students in the S. G. A. office and in the Student Development office and must be returned by May 10.

Valere, Geronte's steward, will be played by William Gregg, who will also play The Clerk in *Apollo*; the peasant Lucas will be played by Jimmy Hicks, who will double as Mr. Lepadura in *Apollo*. Jacqueline, Lucas' wife, will be played by Marsha Ann Franz.

Those in the cast of *The Apollo of Bellac* not doubling in *The Doctor* include the female lead of Agnes, played by Susan King; Therese, played by Sherry Massey; Mr. Rasemutte, played by John Gullick; Mr. Schuktz, play-

ed by Jerry Hayes, and Chevered will be played by Sandra Braswell.

There is no admission charge to any of the productions at Mars Hill, but all seats are on a reserved basis. For the film "Great Catherine" an absolute riot starring Peter O'Toole, Jeanne Moreau and Zero Mostel. The real clown is Zero Mostel. With wig, eye patch, flagon of vodka in one hand and a chicken in the other, he is Prince Patiomkin - court fool, political intriguer. He is the exact opposite of O'Toole, protector of Catherine, and an absolute delight. Come to see this comedy.

### In the Basement of Myers Lies . . .

A rather unique sandwich shop - better known as MYERS UNDERGROUND. Funny, it doesn't look at all like a basement, more like a parlor. If you haven't seen it, maybe you should drop by sometime soon.

MU was born October 27, 1973, our Homecoming. Although she was open for service, the official completion of her construction was January 31, 1974. Designed by Myers Hall council and led by

the supervision of Loy Jenkins, the \$1500 UNDERGROUND was underway. Actually over 50 students had something to do with the building itself and thus many of these volunteers are proud to see the results of their labor.

In the fall of 1973, Danny Suggs took charge of MU's completion and opening plans. However he could not return this semester and Jim Manchester was given the responsibility as general manager in January of this year. Since then the UNDERGROUND has been steadily progressing under its continuous improvement plan which operates its own budget. After paying off the construction debt and many other numerous bills, MU has been able to function smoothly and now runs under the leadership of three managerial departments: the Administration, Personnel, and Purchasing and Sales. The new manager for Myers Underground is Ernie Howard who took Manchester's position April 15th.

Now many people have accused MU of being much too expensive for the "average hungry student." We realize this and share the same disposition. Yet we do not price the sandwiches and little profit is made from each order we serve. So we do not want to break your pocket. Recently, we were able to distribute 10c discount tickets in hopes of easing the price of a good

night out or of just your snack time, because our duty is to serve Mars Hill College with a decent eating place since the "slop shop" is closed. Our main function is to make you un-hungry and to be here when you cannot get into Asheville. If you really want to know, MU can replace those long trips to Asheville with just as good food, less time and more fun because we are equipped with a juke box, dating parlors and lounging room for cards, conversing or playing on your guitar.

If you haven't visited the UNDERGROUND, please come visit us anytime we are open and use your discount ticket any Tuesday, Wednesday, or Thursday. Also, if you have any suggestions that would make MU more comfortable, more convenient or whatever, let us know - we're here for you.

Manager, Ernie Howard; Asst. Managers, Joel Harris, John Forrester; Bartenders: Andy Anderson, David Ferguson, Tim Pigg, Martin Wilson; Technical Engineer, Dan Christian; Publicity Mgr., Bill Taylor.
