Kristin Rabai shared from the insight of a young teenager growing up in a foreign land about how the culture affects one growing up. The first thing one notices is that when going through customs the agents can confiscate anything that may offend the Saudis. There is censorship of magazines to prevent offense as well. She remembers things like Prayer Intermission during television shows and the strictness of Rahamadan. But also there is the images of the colorful clothing that the women wear under their shawls and veils and the extravagance of parties and weddings.

Majid Bakhtiari gives us the best contrast that most Americans miss. Majid, an Iranian, has noticed that most Americans have the misconception that the Gulf region is all camels and sand. In fact, snow and freezing temperatures during winter are all too common, and we should not be fooled by the pictures on TV and remember that region is diverse and beautiful. With these glimpses of Arabic culture and life we can say we have some idea of what this region and its peoples are all about.

MHC Selected for Teaching Excellence and Campl Leadership Award Program

From Staff Reports

Dr. Fred Bentley has announced that the MHC has been selected to participate in the Sears-Roebuck Foundation's 1990-91 Teaching Excellence and Campus Leadership Award Program.

"At Mars Hill, our primary emphasis is on quality teaching with the student as our central focus," Bentley said. "We are especially pleased that the Sears-Roebuck Foundation has maintained its long-standing partnership with independent higher education by continuing this teacher recognition program." This is the second year MHC has been selected for the program. The awards are presented to top educators at nearly 700 of the nation's leading independent liberal arts colleges as a means of recognizing their outstanding resourcefulness and leadership. Each winning faculty member will receive \$1,000 and the institution will receive a grant ranging from \$500 to \$1,500 based on student enrollment. Mars Hill's award in 1989-90 was \$1,000.

The institution grants are to be used to encourage campus leadership, faculty development and enrich teaching. Winners will be selected by independent committees on each campus. The
