The Epsilon Chapter of Alpha Chi National Honor Society held induction ceremonies for new members Nov. 18 in the President's Dining Room.

The program included inspiring comments from Dr. Earl Leininger, Dean of the College, to the members of the academic society.

Entertainment for the evening was provided by a woodwind trio of Amber Luckadoo, Sherry French and Jennifer Payne, along with a duet by violinists Lynn Edwards and Beverly Hargus. The meal was catered by Marriott Dining Services and dessert was from the Rolling Pin Bakery of Asheville.

Registration Adds Extra Day

By Freda Banther
Hilltop Staff Writer

There are a few changes for registration for the Spring 1994 semester. The registrar's office reported that this year, the dates of registration for the Spring '94 semester are January 17 and 18.

This change to a two days of registration instead of one may cause problems. Some students are scheduled for Monday, while others are scheduled for Tuesday.

All students will need to check their campus post office box where they will receive cards, both

before and after the holidays, which will list registration times by college I.D. number. Without checking, the student may not arrive on the correct day.

Before coming to registration, students must have paid or be prepared to pay all fees, such as traffic tickets, library dues, and anything from the business office. Also be sure to bring your I.D. cards to registration.

Students who have not turned in their preregistration forms to the registrar's office may still do so prior to the semester's end.

Angel Tree Offers Hope For Needy Children

By Patrick Nelson
Hilltop Staff Writer

Angel trees are popping up all over the country at this time of year. One might ask, "What is an Angel Tree?"

Well, the purpose of an angel tree is to give toys to children that are less fortunate than we are. Most of the kid's families cannot afford presents, so students and others in the community help them out.

Then, there's the question, "What do I do?" Mars Hill students and the community can get their angel or angels from the tree located in Wren College Union. The Christmas tree has multi-colored angels on it. The angels are its only decorations besides Christmas lights. Each angel has the age and gender of a needy child written on it.

Gift-givers can pick angels of their choice. A

person can pick as many as they can shop for. After this, the shopping begins, but remember to get an appropriate gift for each angel participant picked. When the gift or gifts are purchased, gift wrap them and tape the angel on top of the present. This is required to ensure that the gifts are given to the correct child.

Remember that once an angel is picked up, it is the responsibility of the person to buy something since the children are depending on the public's help. After everything is bought and wrapped, return the gift(s) back to the tree and give them to the person working.

Everyone is invited to support this cause to help as many needy children as possible. The children may not have Christmas without help.

For more information, contact the Information Desk at Wren College Union at 689-1135.

Children Need Your Help

The Student Union Board of Mars Hill College invites you to take an Angel from the Angel Tree and make a difference in a needy child's life.

When you take an angel, which has information about that child, you return it with a gift or gifts for the child. You may return your gifts to the Student Development Office by December 16 at 5 p.m.
