OLD FORT SCHOOL OPENS WITH LARGE ATTENDANCE

The large auditorium of the Old Fort school which has a seating capacity of over 600 was unable to accommodate the crowd in attendance on Monday morning at the opening exercises.

Seated on the stage were three members of the school board, J. R. Harris, P. H. Mashburn and H. R. Early, with Prof. S. B. Smithey, Rev. J. E. Ingle, Rev. C. C. Grogan, Louis Allison and Albert Noblett. Professor Smithey, principal of the Old Fort school, presided and the invocation was delivered by Rev. Mr. Ingle, pastor of the Baptist Church.

Short talke were made by the members of the school board, followed by a talk by Professor Smithey, who made an appeal for the cooperation of the parents in securing a good attendance for the coming year, which was necessary to accomplish the year's work; and to the students who intended to lead their classes to make the start on the first

Four new instructors were introduced who made short talks.

A violin duet, rendered by the Misses Lipe, accompanied by their mother, was enjoyed. This concluded the morning's program.

TANNERY WILL CONTINUE

The United States Leather Company has agreed not to discontinue the purchase of acid wood as previously announced to take effect September 1st.

This is a semi-philanthropic measure on the part of the Tannery in response to a condition of more or less distress among our people, owing to the financial and labor conditions, and was called to the attention of the United States Leather Company by petitions of business men of Old nic Wednesday afternoon at Hens-Fort and the wood haulers themselves, together with the presentation of the case by the officials of the New York office of the Shell Eastern Products Company. Over Thursday, Friday and Saturday of last week a truck load of wood arrived every 45 seconds This wood was hauled from eight different counties, McDowell county supplying the largest per

This action of the Tannery is undoubtedly a life saver to the people, and should be appreciated.

The tannery does not need the additional wood and has had to go to a great deal of expense in providing extra railroad trackage and storage for it.

Women Live Longer and

Age Easier Than Do Men New York .- If woman's youth-expectancy were governed by her lifeexpectency, she would preserve the sheen of her hair and the smoothness of her skin from two to three years longer than her masculine contemporaries.

"Women the world over live longer and age easier than men," Mme. Helena Rubinstein of London, Paris and New York, internationally-known authority on feminine beauty, said in an address here. "Data of the federal census bureau, for instance, establishes the fact that in all agegroups in the United States female mortality is lower than male.

"In the natural process of evolution, this paradox of long life and early old age will cease to exist. Women will learn to resist time not merely by living longer but by staying young longer."

New Ways to Earn Money and the Old Way to Have It!

Within twenty-five years, one-third of the American working population has gained employment from industries and business born during that brief period of time. There are thousands of new ways to earn money, but only one way to have money.

It's an old, old story which we so frequently repeat -save money, and if you will heed it, you will not only earn money—but truly have it and enjoy it to the utmost.

Children Cry

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But most. Some night when constipation some mothers keep an extra bottle, unopened, to make sure there will always

Hints For Homemakers By Jane Rogers

THEN feeling all tired out in the afternoon after a strenuous day in the home, at the office, or shopping downtown, try eating a few pieces of candy as a pick-me-The sugar which the candy contains is the quickest acting of all the energy foods, and its beneficial effect upon fatigue is felt almost immediately.

It is a good idea to put small casters on the wooden box in which the children keep their toys. The children can then easily pull the box from place to place for play, or it can be pushed out of the way when not in use.

Girl Plays Nursemaid,

Baby Brother Is Dead Pasadena, Calif.-A desire on the part of his three-year-old sister to play nursemaid caused the death of Don Slater, eleven months old. YOU HAVE A DOCTOR'S WORD FOR THIS ? LAXATIVE

In 1875, an earnest young man egan to practice medicine. As a family doctor, he saw the harm in narsh purgatives for constipation and began to search for something harmless to the sensitive bowels.

Out of his experience was born a famous prescription. He wrote it housands of times. It proved an ideal laxative for old and young. As people aw how marvelously the most slugrish bowels are started and bad reath, headaches, feverishness, ausea, gas, poor appetite, and such lisorders, are relieved by the prescripion, it became necessary to put it up eady for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the vorld's most popular laxative. It never varies from Dr. Caldwell's original effective and harmless formula. All drugstores have it.
