AUTUMN

Oh, Autumn! why so soon
Depart the hues that make thy
forest glad;
Thy gentle wind and thy fair sunny
noon,
And leave thee wild and sad!
Oh! 'twere a lot too blest
For ever in thy colour'd shades to
stray;
Amid the kisses of the soft south-
west
To rove and dream for aye.
—Bryant's Poems.

MEDICAL SOCIETY HONORS DR. M'INTOSH

Dr. D. M. McIntosh of Old Fort was elected president of the Tenth District Medical Society at the annual meeting of the physicians from the thirteen Western counties of N. Carolina, which was held in the Cherokee county courthouse at Murphy, Wednesday, October 22nd.

The meeting was well attended by a great many doctors from the western part of the state. Dr. L. B. McBrayer, secretary and treasurer of the North Carolina Medical Society, of Southern Pines, N. C., and Dr. P. P. McCain superintendent of the N. Carolina Sanatorium at Sanatorium, N. C., and Mr. H. L. Stanton, supervisor of Vocational Rehabilitation, Raleigh, N. C., were the distinguished speakers from out of the district, who participated in a program which was intensely interesting.

Of interest to the people of this section was the movement being sponsored by the Tenth District Society to establish a State sanatorium for the treatment of tuberculosis in Western North Carolina. It is a recognized fact that there is a great need for a State hospital in this end of the state, as the present one at Sanatorium has inadequate facilities to take care of the numerous patients applying for admittance. Dr. McBrayer heartily favored this movement. Dr. McCain spoke of the crowded conditions at Sanatorium and said he hoped it would not be long before a sanatorium would be established in Western North Carolina. It is reported that this movement has the support of the organized medical profession throughout the state.

The Tenth District Medical Society is also trying to get a branch of the State Laboratory of Hygiene to locate in Asheville, as specimens from the western part of the state which are sent to Raleigh are often spoiled en route due to the length of time it takes them to reach there. Such a laboratory situated in Asheville would be of great benefit to the physicians and the public of this section.

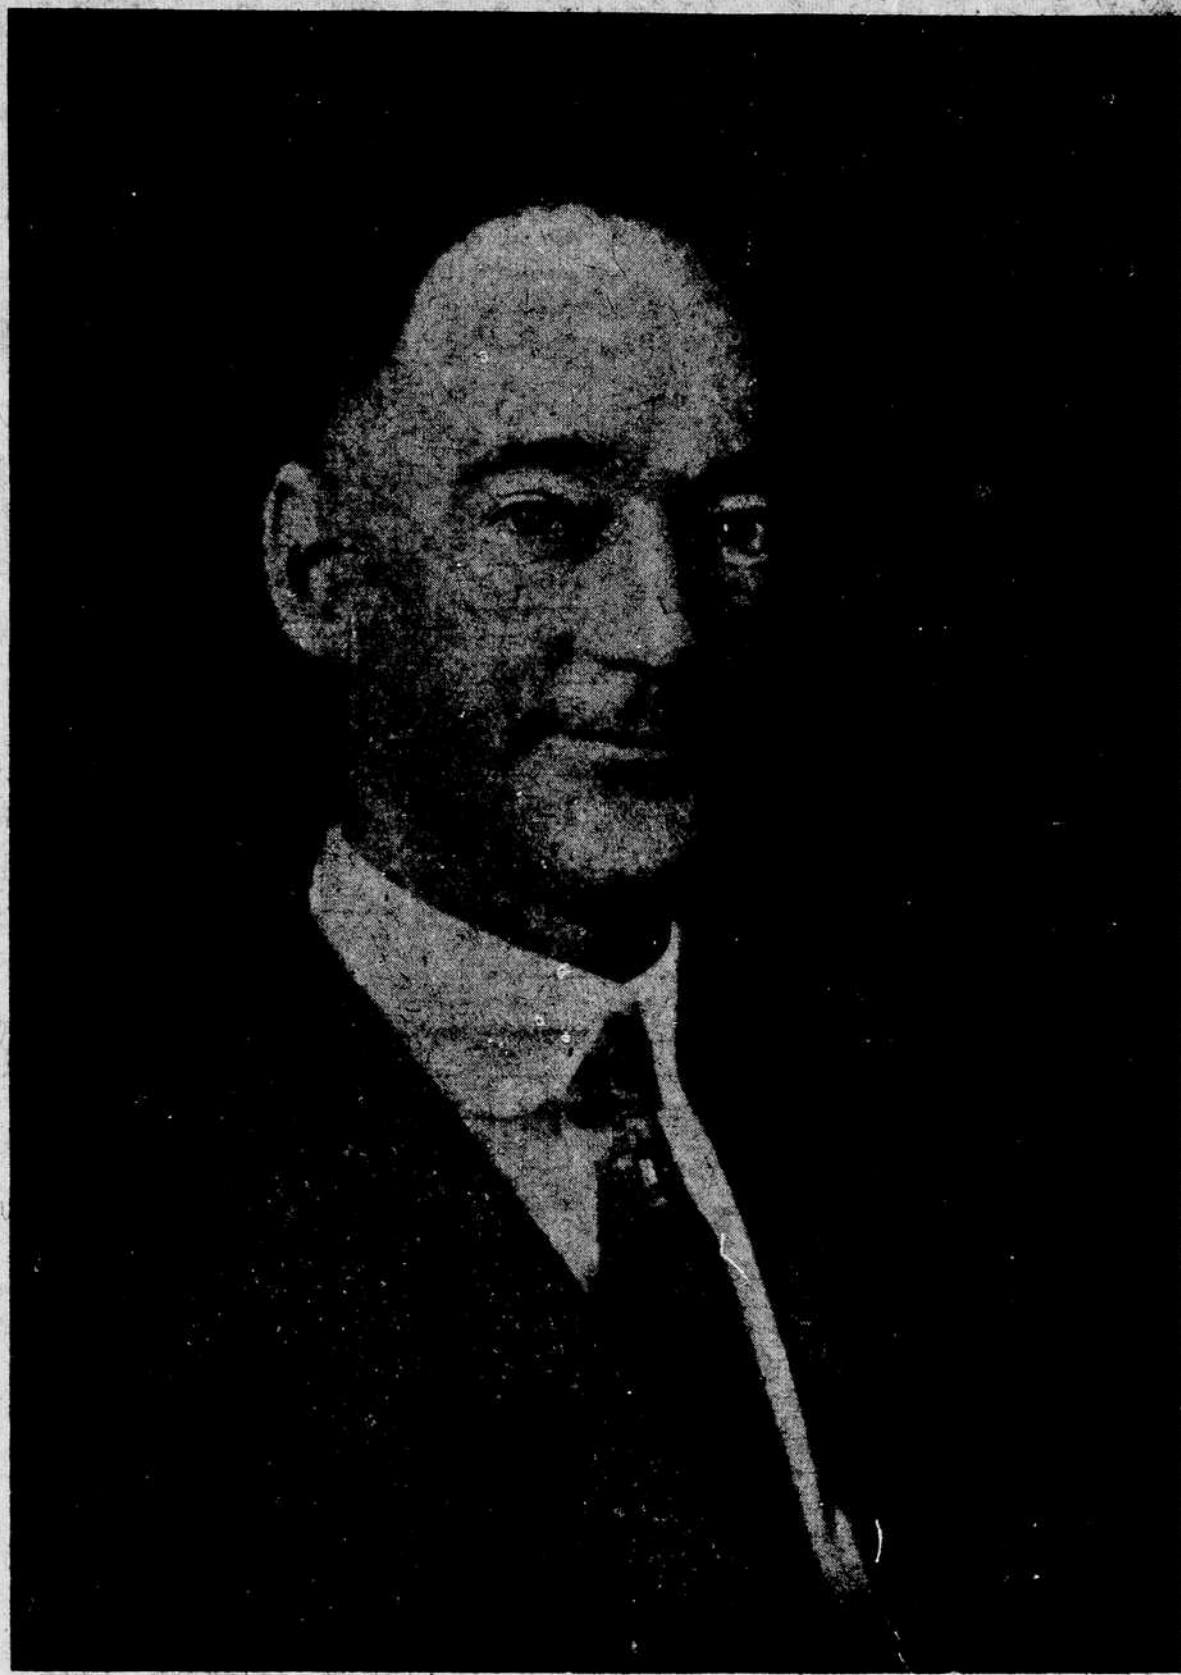

Many interesting and scientific papers were read by local physicians. Dr. D. M. McIntosh of Old Fort was elected president of the society, and Dr. A. C. McCall of Asheville elected secretary and treasurer. The following vice-presidents were elected: Dr. S. C. Highway, Murphy; Dr. A. B. Greenwood, Asheville; Dr. W. E. Brackett, Hendersonville; Dr. J. L. Reeves, Canton; Dr. C. M. Cheadle, Burnsville; and Dr. A. J. Jervey, Tryon.
