### Blazes Trail As First Natural Color All Vitaphone Film

"On With The Show," Warner Bros. first 100 per cent natural color, talking, singing, dancing Vitaphone picture coming to the Rosemary Theatre Monday, Tuesday, and Wednesday is the most important milestone of this year of grace in the film industry.

There is not a single scene in "On With The Show" which is photographed the old fashioned way. The glamorous stage and back stage story is seen through the medium of enchanting ever changing color.

An entirely new process is being used which brings out each hue in its proper color. Jack L. Warner, vice president in charge of production was quick to seize on this new art and combine it with Vitaphone. The wedding of the two, bids fair to start another revolution in the film industry. Vitaphone, pioneered by Warners, it will be remembered eliminated the silent picture.

The cast of "On With The Show" includes Sally O'Neil, Arthur Lake, Betty Compson, William Blakewell, Louise Fazenda, Sam Hardy, the Fairbanks Twins, Joe E. Brown, Lee Moran, Harry Gibson, Wheeler Oakman and many others. It is based on a story by Humphrey Pearson and adapted by Robert Lord. Words and music are by Akst and Grant Clarke, dance and stage productions by Larry Ceballos. Directed by Alan Crossland.
