

SALE OF SARGON BREAKS RECORDS

Famous Medicine Rapidly Becoming Household Word Throughout America - 24 Carloads Sold in 25 Days in 27 States - Overwhelming Demand the One Great Outstanding Proof of Its Wonderful Merit

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-Four carloads in 24 days sold in only 27 states is the amazing record recently made by these wonderful medicines.

In the State of California where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required 9 carloads in only four months.

A single New York firm, with wholesale branches in leading cities, is selling at the rate of over a Million and a Quarter bottles a year.

"Phenomenal and bewildering," is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another.

"We are selling more Sargon than any other ten medicines put together," said still another.

And so it is everywhere Sargon has been introduced. From Coast to Coast and from the Gulf to the Great Lakes, Sargon is known and honored.

Millions upon millions have used it and told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it and in this way Sargon is fast becoming a household word throughout America. — Taylor-Matthews Drug Co., Roanoke Rapids, N. READERS COLUMN

S. O. Q. Ward 19, Portsmouth, Va.

MY DEAR FRIENDS:— I think each of you who have written me since I have been here, or sent up a prayer in my behalf.

When I return home I shall enjoy my visiting at th hospital more than I have heretofore. Up until last Sunday afternoon not a soul had been in to see me except the hospital folk. None of us like sickness because of its inconvenience, and often its suffering. But my present illness has made me more convinced that illness is often a great blessing. It gives one a chance to think, and make a close examination of his life. These observations may lead one to see that some of his activities have been going to waste; or it may reveal that he has often been putting second things where first things should have been.

No one can ever catch up a lost day, but the loss of the day may fit one to make more out of the days that are to come. I can never catch up one work in my church which has been undone during the month of December and January, but I believe it will make me see my opportunities more fully, and will help me make more of the remaining months of the year more what Christ would have me make them.

I said in the beginning of this letter that no one came to see me. Please allow me to modify that by saying I meant in person. The letters from so many of you, my friends, were next to a visit from you, and I read them and re-read them. Then I received The Herald and if every person who received it last week read it as thoroughly as I did the advertising rates would soon advance.

In closing, let me say that I think it most fortunate to come here regardless of the time I may have to remain. If I had stayed at home I would have been at work this week. But not here. They say they are anxious to see if the fever returns. Now if I was home I would fuss, fume and beg until I would be allowed to get up. But what can you do up here when ones clothes are put away? If it were in the summer I might join the followers of W. O. Saunders, but with this rain and cold weather there is nothing to do but wait.

Most sincerely,
LEON M. HALL.
