AURELIAN SPRINGS

We were very glad to have Miss Lois Brown back in our community again last week.

Miss Margie Pittman visited Miss Myrtle Carter the past week-end. Miss Miriam Dickens is spending the Easter holidays with her parents, Mr. and Mrs. E. D. Dickens.

Mr. Ollie Knight, student at High Point college visited his parents in Hollister the past week.

The A. S. H. S. baseball team defeated the team of Darlington by the score of 7-5 in a game played on the 21st.

The A. S. H. S. debaters after an enthusiastic send-off from the entire student body and faculty, accompanied by their principal, Mr. V. C. Matthews, went to Chapel Hill on Thursday. Although they did not bring back the cup, they received honorable mention. Camilla Alston and Virginia Insko breaking their way to the semi-finals, while Lorenzo Pittard and Henry Morris lost in the preliminary by a score of 13-14. The school is indeed proud of Virginia Insko who has won her way to the semi-finals in two successive years. Next year we expect to keep up the record made by the school in the past and have a better team than ever before.

To the Editor:—
 I wish to express my appreciation for the reservation of a news column in your paper for the past several months. Due to the closing of school, it will be necessary to discontinue the news happenings. Next year, however, we wish to ask you for several columns or maybe a whole page, to be devoted to the various activities in which Aurelian Springs is being engaged. We wish to begin in the first month and continue throughout the school term. The A. S. H. S. wishes you, the editor, a pleasant summer and a long, happy vacation.

Next year Aurelian Springs can have what its heart desires in this paper. We welcome news letters from all sections.—Ed.

Is Estimated Population of Roanoke Rapids School District

THE HERALD requested information on the census from S. J. Barnhis, local census supervisor, this week, and while the census is not yet completed here, Mr. Barnhis was able to give approximate figures on the Twin Cities.

He stated it was impossible to give out official figures except from the State office, but estimated the population of the Roanoke Rapids school district, which includes Roanoke Rapids, Rosemary, South Rosemary and Belmont, would reach 10,000, while Roanoke Rapids township would be between 12,000 and 15,000.

Roanoke Rapids proper, that part which is incorporated, he estimates at 3,500 which is a slight increase over the 1920 census.

On the basis of the above figures, it is probable that Rosemary and Patterson town will run about 5,000; South Rosemary 750 with the balance of the district making up the 650.

It is also probable that the contention that Roanoke Rapids Township contains 25 per cent of the population of the entire county is more than true. If the balance of the county holds its own since the 1920 census, 42,756 for Halifax County, then this township has nearer 30 per cent of the county's population.

Frau Bertha Melis, 73, has lived for 50 years in the same apartment in Berlin.

WHY THOUSANDS DIE EVERY YEAR

Because they do not care for the body as they should, they allow filth to accumulate in the body and remain there day after day until the entire system feels the effect of it, and then they wonder why they have pains in the back and limbs, why black spots dance before their eyes; a sick bitter taste in the mouth; no appetite to eat; and feel run down all the time; kidneys bothering them day and night, liver not working; bowels constipated. My friends stop and think for a moment, and you can easily see why thousands die every year. If we could only impress it on the minds of people the importance of keeping the system clean, the liver acting and the blood pure, there would be less sickness, less trouble, more happiness, and the world would be a better place to live.
