### Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at Taylor's Drug Store, Rosemary, N. C.

### Spanish War Vets

Representative Lindsay Warren states that all Spanish War Veterans who will benefit by the recent bill passed by Congress over the veto of President Hoover must file application with the Pension Bureau to receive the benefits of the new law. The measure provides for increased pensions and also make eligible for pension certain veterans heretofore ineligible. Mr. Warren states that when application is filed, the veteran should not list his disabilities on the sixteenth line of the application where space is provided for reasons for applying for the increase, but to write there instead; "under the provisions of the Act of Congress dated June 2, 1930."

# used car prices marked to the lowest dollar

Prices that make it worth while to buy at once

## WHY

YOU PAY NO MORE FOR A "GOOD WILL" USED CAR

The fact that our 'Good Will' used cars cost no more than ordinary used cars is a source of constant surprise to our customers, but the reasons are easy to find. Our rapid turnover and big volume sales are two of the reasons. New car sales of the popular Oakland and Pontiac are continually breaking records and keeping our used car stock filled to capacity. We must keep cars moving, and a low-price policy combined with the famous "Good Will" features and a willingness to work on a small margin of profit are important factors that enable us to offer such remarkable used car values.

Our policy dictates that our used car inventory must be cut in half at once! If low prices and big values mean anything, used car buyers are going to buy as they never bought before. Every car in our complete stock, from Oaklands and Pontiacs just a few months old, to lowest priced merchandise, is included in this sacrifice selling. Come, see and you'll buy— for values like these are seldom offered.

In addition we, as Oakland-Pontiac dealers, are used car, as well as new car, merchants, and we believe a low-price policy to be the best aid in building and maintaining a permanent business.

Finally, you can buy a "Good-Will" used car on the GMAC Time Payment Plan for a small down payment and the balance on easy installments with the lowest finance charges in the industry.

These are the reasons "Good-Will" used cars are the biggest dollar-for-dollar values on the market—the best used car buys in town.
