

## TWIN CITY HAPPENINGS

Mr. and Mrs. Raymond Hughes spent Thursday at Colerain.

Miss Mildred and Edward Holmes have returned from visiting their father at Gastonia.

"Ootchy", popular soda dispenser at Rosemary Drug Co., entered the hospital yesterday for a tonsil operation.

Misses Emma Lee and Lillian Lyles have returned from a weeks visit to Warrenton.

William Thompson, son of Mr. and Mrs. W. O. Thompson, has signed a six weeks contract with the National Broadcasting Co., and is now playing with an orchestra at The Willows, 14 miles from Pittsburgh.

Roanoke Rapids Camp, Modern Woodmen of America held its first annual picnic Sunday July 27 at Tuscarora beach attended by a large crowd of members, their families and friends. After a real feed at one o'clock the afternoon was spent in boat riding and watching the motor boat races. While some were contented with enjoying the cool breeze and shade around the beach others were not satisfied until they had had a

dip in the waters of the Chowan river. The day was very pleasantly spent by all who attended and the fellow that stayed away is the one to do the regretting. Music was furnished by the M.W.A. three piece orchestra composed of J. J. Grant, Clayton Matthews, and Ed Wilson, all of Roanoke Rapids. Gordon Draper must have had a great experience of some kind as he returned with a very red face, neck, arms and shoulders and claimed that he was not blushing. Except for the fact that he continually ducked his head under the water, Leonard Jones would have suffered a sun stroke while in the water as the sun had full sway on his bald head.

Dud Wheeler enjoyed the picnic to the fullest extent until after dinner then he seemed to be suffering from a fullness in the stomach that he could not account for. Johnnie Medlins' worries seemed to center on the fact that all of his children had joined the wets leaving only himself and wife with the hardship of turning them dry again. Cyrus Wood so far as is known got the only real disappointment of the day, that being caused by the failure of the camp to provide a big tub of red circus lemonade as he had expected. The camp is already looking forward to the second annual picnic of the camp to be held some where some time in 1931.

### Ladies Tournament

Sixteen ladies have qualified for the golf tournament at the Twin City Midget Course and will begin playing off this week. All those who handed in scores are urged to call at the links office and find out if they qualified and who they will play in the first round. Dr. R. P. Beckwith won the men's tournament recently, defeating Ned Manning in the finals and winning a handsome desk set.

Bill Alligood and his gang of youngsters are camping this week at Bayview.

### Meeting of County Medical Societies

Twenty five doctors from Halifax, Northampton, Warren and Martin counties attended a meeting of the County Medical Societies of Halifax and Northampton at the Roanoke Rapids Hospital Tuesday night. Dr. Howard R. Masters of the Tucker Sanatorium, Richmond, read an interesting paper on the Uses of Physiotherapy in Treatment of Diseases. Dr. C. H. Macon, Dr. W. D. Rogers and Dr. Hunter of Warren County, Dr. W. E. Warren and Dr. Smithwick of Williamston, were guests of the two societies. Supper was served at the hospital prior to the meeting.

### Silver Kings Win

The Silver King girls won from the Deepsleep girls by a score of 9-0 last week. Askew, Matthews and Barrow led in the hitting for the Silver Kings, while Stainback and Hutchinson led for the Deepsleeps. Askew and Stainback pitched good ball for each side. Smith of Roanoke Rapids umpired. This game makes it a tie between the two teams, having played three games, tying the first game, Deepsleeps winning the second and Silver Kings the third. The tie will be played off Monday night, Aug 4th at 6:30.

Silver King lineup: Askew, p; Dixon, c; Barrow 1b; Matthews, 2b; Mayes, 3b; Love, rf; Moseley, cf; Moseley, ss; Markely lf.

Somebody may have had it in for chief Dobbins or carelessly snapped a cigarette stub in his car, but two hours after he had parked it in the shade near the old Patterson Store building Monday afternoon, he was informed it was burning up. He rushed up to find Rev. R. L. Topping snatching seats out and trying to extinguish the blaze. The upholstery was damaged about \$75, covered by insurance.

WANTED—The public to know that I have good cry wood for sale.—GEO. C. STEELE, Phone 165.

Luke Reilly Says, "The Rat Died Before Reaching the River!"

"Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the house. About 15 minutes later he darted off for the water to cool his burning stomach, but he died before reaching it." Three also, 35c, 65c, 1.25. Sold and guaranteed by Roanoke Hardware Co., Rosemary, N. C.; Roanoke Pharmacy, Roanoke Rapids, N. C.

### Tells About Quake

(Continued from page one)

then I began to think of a second quake and the earth opening, or our hotel falling into the sea, or a tidal wave. Our hotel was built on a cliff 120 feet directly above the water and it could easily fall in.

We are just now beginning to get over the strain and nervous reaction. We only got about three hours sleep the night of the quake and we left about 9:30 the next morning for Capri. We had to have breakfast at 8:30. Then we got to Capri about 11 and the boat went on and anchored outside the blue grotto and we got off and got in little boats. The boats only took two or three people at a time, so we had a long, long wait. The grotto was rather much of a disappointment except for the color of the water. It is small and dark and there is no blue reflection on the rocks. Then we went back to Capri for lunch and had a long hot walk up the hill to the hotel. After lunch we took the funicular railway to the top of the mountain and got a wonderful view of the sea and land, came down and boarded the boat for Naples at 3:45. We had to get out to it in row boats. Arrived at

Naples at 5:20 and had to go thru the customs. Everyone does because any one could sneak in easily at Capri, which has no customs office. Then dinner at 8 p. m. on the train to Rome. The train left at 8:20 and arrived in Rome at 12:20. We were all dead by that time and we would have had some royal sights had we not been so tired. We got to bed about 1:30 a. m. and started sightseeing next morning so we feel very elegant especially after we see huge tourist buses jammed with people. It sprinkled off and on during the morning and we had a nice breeze so the weather has been as lovely in Italy as anyone could wish. We visited the Borghia Gardens, St. Peter's the Colosseum, Apian Way, Quo Vadis Church, Catacombs, St. Paul's and general interesting views of the city. Tomorrow the Vatican and the Forum.

I received your nice letter of July 8th today and certainly did enjoy it. I am enjoying every minute and I hope you haven't worried too much about the earthquake. We were not in the worst, tho it was very near and I can't say that I especially enjoyed the feeling, but I can't write all my feelings and impressions—I must tell them.

EVELYN.

## We announce our new Location

T. W. Wafford, Jeweler, is now located in his new location, next door to the Tri-City Motor Co., Rosemary, N. C.—Your continued patronage will be appreciated. Remember, you save 25% on all watch and jewelry repairing during the month of August. Prompt service and satisfactory work guaranteed.

# MOVING? AN ELECTRIC RANGE IN YOUR NEW KITCHEN IS LIKE HAVING A CHEF!

THE culinary arts of French chefs are justly famous the world over. The food they prepare is delicious—the meats are never under-done or over-done—vegetables are more flavorful—spicy puddings are so good.

It's like having a French chef in your kitchen to have an Automatic Electric Range. It's amazingly easy to cook delicious meals in an Automatic Electric Range oven. You merely set the clock on the oven and adjust the thermostat when you put the food in the cold oven.

Then you are FREE until time to serve the meal. The heat comes on automatically and is shut off automatically at exactly the right time. You do not have to taste meat or add water to the vegetables. And since cooking is entirely automatic, there's never any guesswork about results.

Much of the cooking is done with restored heat, after the current is turned off. The present low electric rate makes the operating cost very low. Buy your Electric Range NOW— a small down payment and the balance monthly—and enjoy DELICIOUS meals ever after!
