Mr. and Mrs. H. E. Dobbins and children spent Wednesday at Ocean View.

## FACTS ABOUT HALIFAX

### ENFIELD MARKET TO OPEN SEPT. 2

With the goal for season's sales set between four and five million pounds and with a corps of trained warehousemen engaged to insure the attainment of this figure, the Enfield tobacco market is scheduled to open Tuesday, September 2nd.

"The phenomenally low prices paid on the opening of the Georgia markets should encourage rather than dishearten local planters," said an expert tobaccoist discussing the situation this week. "I have been in the business twenty-five years and I have never known it to fail that, when the Georgia markets pay low prices the weed brings unusually high figures in Carolina, and vice-versa. Last year," he continued, "the Georgia warehouses opened the season with sensational prices while the Carolina markets started the season with a disheartening slump. Several years back, the case was reversed and I am quite confident that it will be so this year."

### Roanoke Bridge Is Assuming Shape

The bridge across the Roanoke at Weldon is beginning to take form with the first span erected and the construction of the last seven piers under way. The crew of Hester Construction Company has finished the fill to the bridge, moving about 50,000 cubic yards of dirt since the work was started around the middle of February.

### Eulogizes The Life Of Brodie Jones

The Rhamkette Roaster, in Tuesday's News and Observer, writes his experiences at the meeting of the North Carolina Press Association. He pays a tribute to W. Brodie Jones, late editor of The Warren Record, which we reproduce below:

"It would have brought some satisfaction to the families of the editors who have died during the year, W. B. Parker of the Maxton Scottish Chief; J. E. Thompson of the Wilmington Star; George Myrover of the Fayetteville Observer; Brodie Jones of The Warren Record to have heard the beautiful tributes. Four editors more unlike have not lived, but each filled a niche that endeared him to his constituents. All of these have served long except Brodie Jones, who with the best training and marked talent and true journalistic ability and individuality gave promise of a long and brilliant career. He was one of the most lovable and gifted of the newspapermen of his day and that he should pass so early is a loss that continues to be felt by all his associates."

### Man Falls Under Train — His Hand Is Severed at the Wrist

Manuel Berois, 18, of Havana, Cuba, had his right hand severed at the wrist when he slipped and fell while trying to board a northbound freight train near the Franklin Street crossing in Enfield last week.

According to the account given by Berois and his companion Pedron Caledron, also from Cuba, the youths had been working in Charleston, S. C., where they had recently lost their jobs, and were enroute to Norfolk to ship on a transatlantic merchant vessel. They reached Enfield by the "hitchhike" method late Wednesday evening and were sleeping near the chair factory when an approaching freight train awakened them. Trying to board the train, Berois missed his footing in the darkness and was thrown along the rails, his right hand falling underneath the wheels of a moving car.

### IN MEMORIAM

In sad but loving remembrance of our devoted husband and father, G. R. Pulley, who departed this life one year ago, August 1, 1929.

God called him home, it was His will, But in my heart I love him still, His memory is as dear to me today, As it was the hour he passed away.

I always sit and think of him When I am all alone; For your memory is the only thing That Grief can call its own.

A happy home I once enjoyed, How sweet is the memory still; But death has left a vacant chair That none on earth can fill.

How often my thoughts wander, To that grave not far away Where they laid my darling husband One long year ago today.

There was an angel band in heaven, That was not quit ecomplete; And God took my darling husband To fill that vacant seat.

His devoted wife and children, Mrs. G. R. Pulley, Rosemary, N. C.

**Doctors Disagree**  
When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from Taylor's Drug Store, Rosemary, N. C.

### Parker Is Victim Of Hold-Up Man On Sunday Night

C. L. Parker, an employee of the Willey Hardware Co., was the victim of a daring hold up Sunday night about 10 o'clock at the hands of a sick-up man who robbed him of \$8 in cash. The robbery took place at Mr. Parker's garage in Weldon as he was putting his car up for the night.

According to Mr. Parker's account, he had driven his car into the garage, extinguished the lights and was closing the doors when a tall masked man who evidently had been secreted near the garage, stepped from the shadows threw a gun in his face and demanded money. Mr. Parker delivered up all the cash he had on his person and the gunman disappeared into the shadows behind the garage. As quickly as possible the police were summoned, but a thorough search failed to reveal any traces of the robber.

The man, it was said, was tall and powerfully built and appeared to be a negro.

Rays of the sun, concentrated thru a fish bowl, set fire to the home of Dr. Morris Zimmerman of Newark, N. J.
