A Great Discovery

When Pasteur discovered, in 1882, that the infection of wounds was caused by malignant bacteria, he performed a service of inestimable value to mankind. Since then medical science has been producing better and better antiseptics, to kill these germs that may enter the smallest cut and give us diseases such as typhoid, tuberculosis and lockjaw. Now, all you have to do to be sure that these dreadful germs will not infect a wound, is to wash that wound, however small, thoroughly with Liquid Borosone, the modern antiseptic. You can get Liquid Borosone, in a size to fit your needs and purse, from Taylor's Drug Store, Rosemary, N. C.

AURELIAN TAR HEELS

Attend State Camp At White Lake With New Farm Teacher

(By E. K. Veach)

Nine Young Tar Heel Farmers of the Aurelian Springs Chapter and myself spent last week from Monday until Saturday at White Lake. This is the state camp for the Young Tar Heel Farmer organization.

Every one of us had a fine time and want to go back next year. I hope it will be so a larger number can go the next time and enjoy the week as well as we did the past week.

We went by the way of Raleigh, Dunn and Clinton and came back by Clinton, Wilson and Rocky Mount. By going a different route each time we had a chance to see more of the crops and country.

While at the camp there was a daily schedule of recreation mapped out by the director, "Bob" Evans to be followed. The recreation consisted of getting up at 6:45 a. m., going to the athletic field and taking a series of exercises for fifteen minutes and then to the lake a few minutes for a dip.

We had breakfast at 7:30 and then cleaned up the cottages. Next in order is what they call work hour from 9 until 10 o'clock. The remainder of

the morning was spent playing games such as volley ball, playground baseball and swimming. We had dinner at 12:30.

From one until two o'clock was rest hour. Two until four o'clock was spent playing baseball games. The last thing before supper was to go fishing and swimming.

The daily schedule was carried out to perfection. We won fourth place in the events of the week against strong competition. There were eight schools competing in the events and the ones winning places above us had more boys than we did.

The boys feel at home at this camp as it is owned by the Y. T. H. F. organization of North Carolina. Each local chapter has a part in carrying out the work of the organization to make it a better one to be a member of.

We are looking forward to doing some outstanding work this year in our local chapter of the Y. T. H. F. as we have two boys that gained recognition at the State meeting of this organization in June at Raleigh. We feel proud of our chapter at the present, but we hope to keep climbing in the future.

Press Praises Talking Picture Made of Byrd At The South Pole

The feature attraction at the Peoples Theatre Monday and Tuesday, August 18 and 19, is the Paramount picture "With Byrd at the South Pole," a screen production of Commander Richard Evelyn Byrd's flight over the South Pole.

The picture, in sound, presents a very clear idea of the perils and the hardships overcome and the unflagging courage displayed by Commander Byrd and his crew. There are some sharp flashes not to be equaled in the motion pictures' recording of actualities. There are human touches, too, and comic ones.

Here is what the press has to say about the picture:

"One of the supreme achievements of the movies."—New York American.

"The most heartening human document the camera has ever filmed."—New York Telegram.

"Probably the greatest movie ever made."—Editorial, Washington Star.

"Sets a new mark in picture making."—New York Evening World.

"With Byrd at the South Pole," is a fast moving, beautifully photographed, admirably edited and excellently titled film of a brave and worthy adventure, and into the most powerful sequence—that shows actual flight above the southern polar re-

gions.

The visual record of the feat accomplished by the American hero and his intrepid followers is more impressive than any volume containing the printed story. The film is liberally besprinkled with the glimpses of human interest, human drama, and pathos, all of which are so essential to entertainment.

Crossman Accepts Bid To Carolinas Kiwanis Meeting

Hendersonville, N. C., Aug 13.—Raymond Crossman of Omaha, Neb., president of Rotary International and Mrs. Crossman will attend the Carolinas district convention of Kiwanis to be held in Raleigh November 6, 7 and 8, Allison W. Honeycutt, district governor, announced here today.

Another official visitor to the convention will be Roe Fulkerson, of Washington, D. C., novelist and editorial writer for the Kiwanis Magazine.

Eugene Newsom of Durham, N. C., immediate past president of Rotary International will be given a place on the Kiwanis program.

Advance information indicates a large attendance, governor Honeycutt said.

Kangaroo Court At Halifax Jail

(Special To The Herald)

Opening the Kangaroo Court in Halifax County jail in regard to the two men Cock Robin and "Bad Eye" Johnson, arrested on or about the second day of August, and who were tried by W. O. Thompson of Rosemary and put under \$200 and \$400 bonds.

Judge Gay called court at 9:30 and of course the prisoners were present. Sheriff Hinton Faison received orders from the Judge to bring the prisoners into court. On examining the prisoners the Kangaroo solicitor, Lue Faison, found them guilty of breaking and entering Halifax jail without proper cause.

Long was fined \$1 and costs of court because he could not prove not guilty of selling Cock Robin home brew. The \$1 was turned over to Raymond Acree, treasurer, to buy sugar and coffee for the other prisoners.

Tant was fined the same but did not have the money so Judge Gay sentenced him to the strap. He got 10 down south, 10 out west and 5 across the Hindenburg line. Solicitor Faison adjourned court. This is a warning to boys yet to come. Beware of the Kangaroo Court of which K. G. Gay is Judge and Hinton Faison sheriff.

OAKLAND-PONTIAC PRICES REDUCED

up to \$170

We have just been advised by the Oakland Motor Car Company that, effective August 11th, prices on all current model Pontiac Big Sixes and Oakland Eights have been reduced . . . with reductions up to \$170.

Pontiac Big Six—now \$665^{up}

A big car at small car price

Oakland Eight—now \$895^{up}

America's lowest-priced Eight

These reductions are made because in the winter the factory will present two new cars which, while changed enough to classify as new models, will remain practically unchanged in appearance, size and design.

The two new cars will have the same type engines used in the cars now offered.

These new prices give you an opportunity to own a big car at small car cost and at a great saving.

Don't miss this opportunity. At their new low prices these cars are the greatest "buys" in the automobile field today.

All prices f. o. b. Pontiac, Michigan
