

A new Service for Motorists

We are glad to announce the installation of a Weaver Automatic Alignment Indicator—A new service we are extending to motorists FREE OF CHARGE. The Indicator is located between the gasoline tanks in front of our business. Just drive up like you are buying gas for this FREE ALIGNMENT SERVICE and we will do the rest.

WHAT MISALIGNMENT MEANS TO YOU

If your car steers hard, shim-mies or wanders—

If steering requires constant effort—

If your car does not coast freely—

Your wheels are probably out of alignment.

Alignment adjustment is quickly made and no service will give greater returns on tires, gas, oil and driving comfort.

Under general driving conditions 1 to 1 1/2 horse power is consumed at a side slip of 40 feet per mile.

"GOLD-RIBBON" BRAND

COFFEE AND CHICORY

29c

Don't fail to take advantage of this
REMARKABLE OFFER!

Only 2 lbs. to each customer

This exceptionally low price is made possible through the cooperation of dealers listed below and the roasters of "GOLD RIBBON" Brand COFFEE and CHICORY. CHICORY is a plant resembling very closely the sugar beet in appearance and after being processed in drying, roasting and graining, has a flavor and color very similar to coffee. It has held a

place for ages as a healthful food. Its use as a beverage was permanently established in Europe during the Napoleonic Wars, when, due to the blockade of the continent by the British Navy, coffee, tea and cocoa could be procured only with difficulty. To quote the National Dispensary "Chicory is thought to increase the appetite and promote the digestion."

When Perfectly Blended

with coffee as in our "GOLD RIBBON" Brand, it adds strength, improves flavor and color, and prevents coffee from becoming stale on standing.

Double strength—for best results use only half as much "GOLD RIBBON" Brand COFFEE and CHICORY as of ordinary coffee.

If you have never tried "GOLD RIBBON" Blend you may now do so at this previously unheard-of low price.
