SAYS HENRY

At no time have the American people been bedeviled by more troubles than now. At no other time has there been a greater need for sound thinking, solid knowledge and courageous action and never have we witnessed such an aggregation of political nincompoops as litter up Washington now.

Cam Morrison claims he has given 40 years of his life to the Democratic party. Well, he has been well paid for his services, if services you can call it. They tell you Cam Morrison has written more platforms than any other man in North Carolina, but in writing these platforms I have noticed he always wrote them to suit himself and his individual class and not the people.

Why is it Cam Morrison is campaigning today without an issue? Because for 40 years he has been burying real issues as they came up before him. That's why we've got a steer-cart government in an airplane age, voting for such man as Cam Morrison and that's why I am voting for Robert R. Reynolds next Saturday.

Henry Fitts.

Mr. and Mrs. W. P. Taylor announce the birth of a son Friday, June 24 at the Roanoke Rapids Hospital.

PROHIBITION REPEAL PLANK

Chicago, June 30.—The Democratic plank on Prohibition, as approved by the committee and adopted by the convention 934 to 213 says:

"We favor the repeal of the 18th Amendment.

To effect such repeal, we demand that the Congress immediately propose a Constitutional amendment to truly representative conventions in the states called to act solely on that proposal.

"We urge the enactment of such measures by the several states as will actually promote temperance, effectively prevent the return of the saloon and bring the liquor traffic into the open under complete supervision and control by the states.

"We demand that the Federal government effectively exercise its power to enable the states to effectively protect themselves against importation of intoxicating liquors in violation of their laws.

"Pending repeal, we favor immediate modification of the Volstead Act to legalize the manufacture and sale of beer and other beverages of such alcoholic content as is permissible under the Constitution and to provide therefrom a proper and needed revenue."
