

# YELLOW JACKETS LOSE TWO

Coach Cheek's Yellow Jacket Cagers dropped two district conference elimination games last Friday and Saturday nights to Elizabeth City and Hertford high teams. The locals showed a much better passing attack and also better floor work in the fray with Elizabeth City Friday night but took the short end of a 20-14 score.

The locals attack was led by Phillip Newton at center who played a brilliant game along with Allbrook and W. Dickens. Newton rang up 6 of the Jackets points, McCommons and Y. Brown tallied 3 points each for the top scorers. Ambrose was Elizabeth City's big gun bagging 7 points for high score honors and Fordham at forward was second with 6 points.

In the tussle with Hertford Saturday night the locals kept the lead up until the last few minutes of play when a long field goal shot by Chappell accounted for their victory over the Jackets by a close margin of 23-25 score.

Chappell and his running mate, Hobb at center were outstanding for Hertford. Hobb with 9 points and Chappell with 12 took high tossing honors.

Newton with 6 points and Allbrook 5 led the Jax attack.

The Yellow Jackets meet Ayden High Friday night on their court in their fourth conference tussle. Ayden licked Elizabeth City and will be a tough foe for the locals. A win over Ayden will give the Jax another chance to cap the district crown.

## Passing of Veteran Straphanger Forecast By De-Luxing Passengers

Commuter comfort is now gaining ground in many cities. Here is a de-luxe car recently put into Detroit service.

Below—A straphanger's dream come true. Tastefully upholstered in Chase Velmo, this street car provides a seat for every passenger.

THE straphanger is on the way out! No longer will the tired business man sway gently to and fro in front of the chap lucky enough to corral a seat. No longer will tired and reproachful damozels send withering glances at uncomfortable male seat occupants, through the scanty protection afforded by hastily raised newspapers. The passenger is becoming de-luxed!

In Philadelphia, Ralph T. Senter, president of the Philadelphia Rapid Transit Co., has instructed employees to begin being "friendly" with subway, bus and trolley passengers.

In New York City, the New York, New Haven and Hartford Railroad has added a counter car, which looks like a lunchwagon gone high hat and wherein the busy commuter can get a hastily cooked meal

inexpensively and quickly as well.

In Detroit, the City of Detroit, Department of Street Railways has placed into service, a de luxe street car wherein, for an additional nicker, a passenger is sure of a seat—not an ordinary, every day garden variety of a trolley seat either, but a luxurious chair upholstered in Velmo, of a quality that makes the blissful commuter imagine he is reclining in an easy chair in his own home. This mohair velvet famous for its long wear and appearance has furnished a parlor atmosphere to the car, and, through suggestion, parlor manners to the commuter.

With such indications from prominent commuting centers, it looks as if a specimen of the veteran straphanger should be captured and stuffed for the museum before the species become entirely extinct.
