

# Take the word of a "Man about Gobi"

## Next to a Camel, Chevrolet gives most miles per gallon

 No argument about the camel. When it comes to miles per gallon, there's nothing in all the Gobi desert—or anywhere else—that can beat him. No argument about the Chevrolet either. It's the most economical form of full-size transportation on wheels.

More miles on a tankful of gas. More miles on a filling of oil. More miles without worry and trouble and repair! And they're smoother, safer, more com-

fortable miles, too, due to all these features exclusive to Chevrolet in the low-price field: A cushion-balanced six-cylinder engine. Fisher body. Fisher steel-plus-hardwood construction. Fisher Ventilation. Starterator. And many more!

Travel in comfort and save as you go. Save with a new Chevrolet. In addition to being America's most economical car, it's also America's most popular car as well!
