64 Future Farmers Start Year's Work

The Aurelian Springs chapter of the F. F. A. is looking forward to a very successful year. The officers were elected last year and this year every officer knows his duty and is doing his very best for the club.

The interest of the boys has greatly increased because of the new chapter house which they are working very hard to complete. Last week Mr. Meekins the district supervisor, was at the school and helped Mr. Veach plan the interior equipment of the chapter house. He also encouraged future farmer work. He says that most men of any importance are where they are today not because of any one High School subject but because of training received in some such club as the Y. T. H. F. Club. With a good teacher and 64 energetic boys the club is looking forward to a good year's work.
