Use This Laxative
made from plants

Thedford's BLACK-DRAUGHT is made from plants that grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat.
In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.
Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

Penguins at World's Fair

Penguins, those funny Antarctic fowl always dressed in formal attire, seldom fail to amuse Americans. The mounted penguins in the Byrd South Pole Ship, anchored in North Lagoon of the Chicago World's Fair, were a source of plentiful fun for Jimmy Kite and Edith Hogan, shown here. There are many more Antarctic exhibits aboard the boat.

new members were added to the roll.

It was reported that seven quarts of milk a day are being sent to school children.

Mrs. Jenkins, as chairman of visiting committee, named Mrs. B. J. Dunning and Mrs. Alfred Thorne to assist her.

It was the unanimous feeling of the department to offer their services and co-operation to the work of the Associated Charities.

The department decided to have a rummage sale with November 11 suggested as a tentative date, and all those interested in the milk fund or work of the Welfare Department are urged to save and contribute articles to this sale. Those present: Mesdames J. E. Cox, J. M. C. Covington, T. M. Jenkins, R. L. Towe, R. P. Beckwith, Alfred Thorne, Heath Lee, B. J. Dunning, Bohnsen Weathers and J. N. Bynum. The new members added to the roll are: Mesdames H. E. Dobbins, J. Sanders, J. M. C. Covington, William Woolhar, J. M. Jackson, William Medlin, Cranford Hoyle, George Pappendick and Miss Clara Hearne.

Russian engineers at Samarkand are building a big plant to be run by solar rays.
