

Radio Listeners Like to Forward Gifts to Their Favorite Artists

FOR some reason or other radio fans like to send gifts to their favorite radio artists. Harry Richman, star of stage, screen and radio, who broadcasts every Wednesday night over a nation-wide hook-up of 26 stations extending from New York in the East to Salt Lake City in the West and Houston in the Southwest, receives some gift every day. He has received bark off trees, nails for good luck, baby turtles, walking sticks, embroidered towels, handkerchiefs, neckties, fishing poles, ivory elephants, books, pictures, newspaper clippings, hose, ash trays, cigarette lighters and so on. Every day's mail brings Richman letters from admirers. He has received as high as 10,000 fan letters in a single week.

Chicago Rebuilding After Great Fire'

CHICAGO . . . Above are pictured the ruins of "Packingtown" here after 42 square blocks burned in the greatest fire Chicago has had since the holocaust of 1871. The loss has been estimated at \$10,000,000 but already thousands of workmen are on the job of rebuilding. (Top), An airview of the fire when it was at its height on Saturday afternoon, May 19th. . . (Center) The twisted ruins of all that remained of the International Livestock Pavilion. . . (Bottom) General scene of the ruins after the fire. Dotted line shows the vast area in the path of the flames.

Local Resort Opens

ANNOUNCE OPENING OF LAKE

Lake Thomas Dance Pavilion Open Tonight; Extensive Improvements Planned

Lake Thomas Amusement Park opens tonight for the summer season under the new management of J. Robert Myrick. Bill Allsbrook and his Carolina Club Orchestra will play for a short concert from 9:30 to 10 o'clock, to which the public is cordially invited, followed by an invitational dance from 10 to 2.

The park is located about one-mile from the city limits on the Emporia highway, near Roanoke River. It was first opened last year, and after a successful season, it is planned to make many improvements to the buildings and grounds.

Because of its convenient location, the beauty of the surrounding

grounds, and the excellent standard of order maintained there, it bids fair to be a very popular spot for the next few months for those seeking amusement, and to get away from the heat. The spot is ideal for dancing, bathing and picnics.

The dance floor of the pavilion will be completely re-worked, and new lighting fixtures installed. In addition, a board walk will be built around the lake for the convenience of bathers, and two modern bath houses will be erected for ladies and gentlemen. Suits and towels will be offered for rent. Mr. Myrick states he also intends to build a number of tables and benches for the convenience of those giving picnics on the grounds. The picnic grounds will be free, and open to the public, however, the management suggests that reservations be made in advance in order that their coming may be prepared for.

A first-class sandwich stand will be operated selling light lunches, sandwiches, cold drinks and confections. The stand and bath

houses will be open on Sundays. Several outstanding dance bands will be engaged for regular dances throughout the summer season, according to Mr. Myrick, and the highest type of order will be maintained at all times.

PLYMOUTH REDUCES PRICES

IF ever there was a time to "look at All Three" . . . this is it. Effective today, without change in product, Plymouth announces very substantial price reductions printed in the box at the right.

Study those figures carefully. Compare them with the prices of Plymouth's two competitors.

You will see that today you can buy a big, luxurious Plymouth with all these advantages . . .

HYDRAULIC BRAKES . SAFETY STEEL BODY . PATENTED FLOATING POWER

. . . at a price virtually identical with the very lowest-priced car on the market.

For three years now, Plymouth has set the pace in the low-price field. Year after year Plymouth has made sensational gains. It is the only low-priced car that is selling more today than ever before in the history of the company.

What's the reason for this tremendous growth? It's simply this. The challenger must be better to forge so quickly ahead . . . Plymouth is America's best engineered low-priced car.

TODAY . . . PRICES SUBSTANTIALLY REDUCED
