An explanation of why we now have news from all parts of Halifax County. The Herald, after the circulation drive, has the largest county circulation in history. They are interested in what goes on in Roanoke Rapids; we are interested in what goes on in the other communities of the county and across the river. The Herald should serve now to tie us closer together and to get better acquainted. No man can live unto himself alone, or words to that effect.

The government is certainly helping unemployment in checking on all the various phases of AAA, PWA and FERA. County Welfare Officer Hall and County Farm Agent Davis have so many working for them now that every office in the courthouse is full and overflowing and the court room is being used for office space. Night work is no novelty to these crews as passing autoists can vouch for.

We hear all the bad things and all the worst features of the emergency departments of the county. Everyone seems to still their woes to an editor. We got in hot water with some good friends once before by criticizing one of the relief agencies. From all the things we have heard in the past few months, only one is worthy of note, because it has been repeated so often. The cry is: Why a "millionaire" working for the relief agencies when so many others qualified need the job?

Mr. and Mrs. L. M. Butts of Halifax RFD 2 announce the birth of a daughter on Wednesday, August 22, at the Roanoke Rapids Hospital.

We are sorry that for the past two weeks we have been unable to use some of the county news sent in. It has piled up on us to such an extent on Wednesdays and Thursday that we must make new arrangements to take care of it. Please be patient, correspondents.

pieces with a knife and torn as if stripped from the body. This garment was also bloodstained. Neither the shorts nor the handkerchief revealed any identifying marks.

Officers have been quietly inquiring around the neighborhood but reported nothing today.

One of several theories is the clothing might belong to the Negro who was shot at by night policeman Pitts two weeks ago as he attempted to enter the rear of Roanoke Hardware Co. The officer hit the Negro once, perhaps twice, from bloodstains found after the chase in which the Negro escaped.

**THIRD YR. HERE FOR LEGGETTS**

Celebrate With Anniversary Sale Friday and Saturday Of This Week.

Leggett's Department Store celebrates their third anniversary in Roanoke Rapids this week with a Sale in honor of the event Friday and Saturday. The store, which is a member of the huge Belk organization, operating over 100 department stores in the South, was established in the large 100-foot building on Roanoke Avenue at Eleventh St. the latter part of August, 1931, by H. S. Loy, and has been under his continuous, and highly successful management since.

Many changes have occurred since Leggett's entered business here three-years ago, and many improvements have been made in their store and the building they occupy. A recent \$3,500 remodeling program has just been finished, making Leggett's one of the finest, most-modern department stores in this section. The store occupies 10,000 feet of floor space and carries a stock of merchandise in excess of \$75,000 at various seasons of the year.

Leggett's have enjoyed a constantly increasing volume of business at their Roanoke Rapids store and their name is known for many miles around the surrounding trade territory. The company recently opened a new store at Lawrenceville, Virginia, which is operated as a branch of the local store.

**U.S. Drouth Has Kin in England**

"Down by What Was Once the Old Mill Stream" ought to be the title of this picture, which reveals that England, too, has its drouths. This Southend, England, girl, seeking water, finds dry, heat-cracked mud where a stream rippled but recently.

**Bows That Will Draw Beaux**

A study in bows is this ensemble in rust crepe. Ten or 12 of them outline the back of the dress, one enhances the decolletage, and three more adorn the front. A novel jacket is cut to a "V," which just fits the decolletage in back. The charming model is Actress Evelyn Venable.

Misses Otelia Vaughan, Evelyn Brown and Hazel Cobb have returned from an extended motoring trip to Niagra Falls and Canada, returning by the Shenandoah Valley.

**KING TUT WAS A FLAGPOLE SITTER**

Old King Tut was a famous man in his day and he never dreamed he would be so well known thousands of years later. Don't wait too long to learn why they all say: "How fast can you STOP?"

**You'll save money at BRICKELL'S**

The above question doesn't mean as much to some drivers as "How fast can you go?" — but the time comes when it is more important!

The absolutely dependable part of every car should be the BRAKES.

Your car should be able to make not merely a quick stop, but a straight stop — without slewing off to one side or another. That's dangerous.

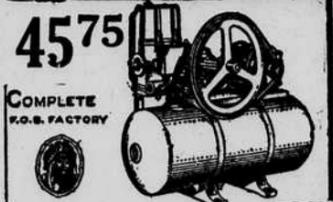

Get your brakes in perfect shape. Let us inspect them. If you have good lining there to spare, and all that's needed is adjustment—IT WILL BE A PLEASURE TO SERVE YOU AT TRIFLING COST.

**BLACK-DRAUGHT For CONSTIPATION**

"I am 71 years old and have used Theford's Black-Draught about forty years," writes Mr. W. J. Vanover, of Rome, Ky. "We are never without it. I take it as a purgative when I am bilious, dizzy and have swimming in my head. Black-Draught relieves this, and helps me in many ways." ... Keep a package of this old, reliable, purely vegetable laxative in your home, and take it for prompt relief at the first sign of constipation.
