"Champion Liar"
SEATTLE . . . This state is mighty proud of Vern Osborn (above), recently declared the "champion liar of the U. S. for 1934." Osborn is from Centralia. He has a jack-rabbit hunting mule. In the heat of a chase one day the rabbit jumped over a 1000-foot cliff the mule and Osborn following. 10 feet from the ground, Osborn holloed "whoa" and the mule stopped. Osborn got off and picked up the

Forward Load Distribution

Obtained by mounting front springs ahead of axle and moving V-8 engine forward. This places more load ahead of rear axle, more weight on front end

FORWARD LOAD DISTRIBUTION... More uniform tire and brake wear. Better brake action. Tends to improve operation throughout. With more room between cab and rear axle, you can make acute angle turns with full-width semi-trailer.

NEW QUICK-STOPPING, RIB-COOLED BRAKES... Drums of alloy iron, with integrally cast cooling ribs. Will not "fade" after a series of fast stops. Fewer adjustments.

NEW HEAVY-DUTY TRUCK CLUTCH... Centrifugal force increases plate pressure as engine speed increases. Resists slippage. Lower pedal pressure required at idling speeds. Longer life.

NEW HIGH-EFFICIENCY COOLING SYSTEM... Radiator cooling area increased 15%.

NEW COUPE-TYPE CAB... Safety glass all around. Clear-vision ventilation. Easy-opening windshield. Large, screened cowl ventilator. Seat adjustable with tilting back.

PARTS EXCHANGE PLAN... After normal engine life, you can turn it in at your dealer for a block-tested, factory reconditioned engine. \$49.50 (F.O.B. Parts Branch). Other reconditioned parts also available under Exchange Plan.
