

ANNUAL MEETING OF LOCAL WOMAN'S CLUB

The Roanoke Rapids Woman's Club met Monday for the annual business meeting. Mrs. W. A. Thorne presided and gave a report of the general activities of the club for the year and recommended that the Civic Department merge with the Garden Department for the coming year. This suggestion was voted on and accepted by the members of the club.

The treasurer, Mrs. Paul Heydenrich, reported fifty-three paid memberships for the year with a total expenditure of \$285.82. Mrs. William Batton has been elected Treasurer of the Club for the coming year. Mrs. A. Meikle, Chairman of the Home and Garden Department, gave a report of meetings held and announced that Mrs. C. A. Wyche had been appointed chairman of this department for next year.

Mrs. R. P. Beckwith as chairman of the Welfare Department gave a report of the year's work. Forty children have been supplied with milk throughout the year with an expenditure of \$246.63. Fifty dollars was donated by this department for playground work during last summer. Mrs. Paul Reid will take the Chairmanship of this department for the next year.

Mrs. Bohson Weathers, Chairman of the Library Committee, reported that 90 books had been added to the library this year and that Miss Rebecca Bounds would keep the library open during the summer months on Tuesday and Friday afternoons from 3:30 to 5:30 and Thursday evening from 7 to 8 P. M.

Mrs. J. N. Bynum will be chairman of the Literature and Fine Arts Department next year and Mrs. A. N. Martin will be chairman of the program committee. The Boy Scouts presented bird houses they had built to the Woman's Club, and they were turned over to the Garden Department for distribution in public grounds in the city.

The following membership committee was appointed: Mrs. Paul Heydenrich, Mrs. William Medlin, Mrs. Leslie Towe, and Mrs. R. P. Beckwith. Plans will be formulated during the summer for a membership campaign to begin in the early fall.

Surprise Party

Miss Blanche Mitchell was given a surprise party by her mother last Saturday night at her home on Cedar Street in Weldon.

During an evening of dancing, drinks were served at nine o'clock and sherbet and cake at ten thirty. Miss Mitchell's surprise guests were Misses Nancy Suiter, Janet Robinson, Jocelyn Harris, Frances Johnson, Elizabeth Holmes, Isabelle Briggs, Annie Hunter Fisher, Juanita Hurley, Martha Ellis, of Garysburg, Susie Spruill Mohorn, and Messrs. Spot Butts, of Halifax, Sewell Moore, F. I. Robinson, Charlie Williamson, C. O. Bounds.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Theodor's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. . . Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodor's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

BLACK-DRAUGHT

Smart and Correct

LOS ANGELES . . . You won't go wrong, young lady, if in your summer wardrobe you have a smart flannel skirt, white or pastel shades; a checkered tailored sport jacket and a smart felt and auxiliary panama, and completed with the smartest of smart two-tone and matching sport shoes. . . Dolores Del Rio (above), was outfitted thusly in a recent film style review.

Cuban Influence

A rumba or tango is suggested by this decidedly Cuban evening gown of orange, gray, and white striped taffeta, cut diagonally to give a halter neck and a bouffant silhouette. The point motif is carried out in the fringed ruffles of taffeta which edge the hemline and come to a point in front. The gown is modeled by Mary Astor, film player.

Mr. and Mrs. Clyde Williams and Mrs. Claud Gayle of Roanoke Rapids and A. G. Waters, of Littleton visited Mr. and Mrs. Benjie Strickland Sunday.

Tea At Woman's Club

On Saturday afternoon the Woman's Club was the scene of a lovely tea when Mrs. David Traynham and Miss Florine Holt jointly entertained honoring Mrs. Albert Cannaday, Mrs. Hugh Childress, Mrs. Junius Goodman of Christiansburg, Va. Throughout the club house large bowls of mixed

garden flowers interspersed with ferns and lillies made a lovely picture. The guests were greeted as they arrived by Mrs. Frank Williams and Mrs. Frank Nash and presented to the receiving line composed of Mrs. Traynham, Miss Holt, Mrs. Goodman, Mrs. Cannaday, Mrs. Childress, Mrs. Pendleton Grizzard and Miss Marie Coffee. On leaving the receiving line Mrs.

George Hayes directed them to the following ladies who assisted in entertaining and serving the guests, Mrs. Frank Kemp, Mrs. Tom White, Mrs. Louise Patterson, Mrs. A. J. Young, Mrs. Page Bugg and Miss Virginia Jackson. About a hundred and fifty guests called during the hours from four to six. A refreshing ice course was served.

We don't want to embarrass anyone-but:

- ◆ Nearly All Refrigerators----- have rounded corners!
- ◆ Nearly All Refrigerators-----will make ice fairly quickly!
- ◆ Nearly All Refrigerators---- keep a food preserving temperature!
- ◆ Nearly All Refrigerators-----have automatic de-frosting!
- ◆ Nearly All Refrigerators----- have a porcelain interior!
- ◆ Nearly All Refrigerators ---- have so-called fast freezing speeds!
- ◆ Nearly All Refrigerators ----- have handy door openers, other gadgets and whatnots!

---and so has Stewart Warner

But

HERE ARE THE QUESTIONS YOU SHOULD ASK BEFORE YOU BUY AN ELECTRIC REFRIGERATOR

? How many heat units will the compressor remove per watt of current consumed. (You would ask how many miles to the gallon your new car would give -- wouldn't you?
That's Economy!

? What is the N. E. M. A. rating of the compressor in ice melting effect. (You would ask the horsepower of your new car, wouldn't you -- to know if it would take the hills in high?
That's Hot-Weather Performance!

? What is the speed of the compressor? (Does it run so fast that it will shake itself to pieces in a short time?)
That's Long Trouble-Free Service!

THE NEW STEWART-WARNER SAFETY ZONE REFRIGERATOR

. . . Is built like an ice-making machine. Where ice is manufactured to be sold at a profit, the machinery must make ice quickly, economically and with low upkeep costs. Ice-making machines must have capacity. The Stewart-Warner twin cylinder has a rating of 155 I. M. E. Ice machines are slow speed, belt driven. The Stewart-Warner twin cylinder is belt driven at only 375 R. P. M. Ice machines must make ice quickly and with low current consumption.

The Stewart-Warner removes an average of 3 HEAT UNITS FOR EVERY WATT OF CURRENT CONSUMED. This is a current saving of 33 1-3 over the average unit by actual test. Remember: The PRICE of an article is the amount you pay to possess it. The COST of an article is its price plus the expense of its ownership.

Proof Of Performance

Read What These Dealers Have To Say About The Trouble-Free Stewart-Warner

HAYNES FURN. CO., NORFOLK " . . . after handling the Stewart-Warner for a year--proven highly satisfactory in every way. We have handled other makes but have found none superior to Stewart-Warner."

A. J. LEGUM, NORFOLK. " . . . we are proud to say that never since we have been in the refrigerator business have we sold a finer, less troublesome and more serviceable refrigerator than the Stewart-Warner."

COOPER RADIO CORP., NORFOLK. " . . . Stewart-Warner refrigerators . . . most satisfactory . . . it is most unusual that we did not find it necessary to make one service call on the refrigerators we have installed."

D. P. PAUL CO., NORFOLK. " . . . during hot spell of last summer, normally we would have had various complaints, but these were entirely eliminated when we sold them a Stewart-Warner Refrigerator."

FERGUSON MUSIC CO., NEWPORT NEWS. " . . . The Stewart-Warner line of refrigeration has proven to be very profitable, primarily because of the fact that we have as yet to have a request for service."

GRAFONOLA & FURN. SHOPS, SUFFOLK. "We have been waiting for an opportunity to advise you of the wonderful success we have had with Stewart-Warner Refrigerators from a service angle . . . our users are real boosters . . ."
