A good cigarette, too needs Balance.

And that's why the tobaccos in Chesterfield are carefully balanced one against the other . . . not too much of one — not too little of another.

We take the right amounts of the right kinds of four types of tobacco — Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.

Chesterfield ... the cigarette that's MILDER
Chesterfield ... the cigarette that TASTES BETTER
