home will keep its copy read it and study it. "Ignorance of the law excuses no one", but now none can even plead ignorance. There are extra copies at the Police Dept. office for anyone who was missed. This might have happened in case of two families in a house or roomers.

SHIRTTAILS returned intact from the deer hunt of overseers and supers of Roanoke and Patterson Mills Co. last week-end. Thirty-five in the party enjoyed swell eats and plenty of fun Friday night but wet weather Saturday cut down hunting chances. There was some talk of cutting shirt tails of A. Mickle, Bill Hodges and Sam Turner on charges of letting wild turkeys walk thru their legs. Frank Kemp lost other wearing apparel but retained the shirttail. Two doe were seen but not a buck and not a shot which probably accounts for not a shirttail missing. Everybody had plenty of good time anyway.

\$842.60 is the final total of the Red Cross drive in the Roanoke Rapids chapter, according to Rev. Gordon Price, chapter chairman. Mrs. Warren of Littleton reported \$25.00; Clyde Liske, in charge of Patterson Mills employees, reported an additional \$13.85 for a total of \$97.90.

PREMIUM for Halifax County cotton, some of the best he has ever received, is being paid by Rosemary Manufacturing Co., says Billy Norwood, cotton buyer. A purchase from Luns Rook, local farmer, is what prompted the statement. Neighbor Hockaday also says that this section can raise and is raising long staple cotton, best on the market, can do so on a big scale with a little care and attention by the farmers.

PHILIPPINES to Roanoke Rapids in five days is the record speed of a letter from John Bounds, U.S.A., mailed in Manila to his parents, Mr. and Mrs. Sidney Bounds. When the China Clipper, huge air mail ship of Pan-American Airways, made its recent first mail flight over the Pacific,

young Bounds was on hand at Manila to see her land. His letter to his parents was on the first trip back to this country and came from San Francisco to Richmond by air mail. Across the Pacific and across the continent in five days. The record before was fifteen. We think we know some folks here who would like to have the stamp on that letter. STAMP collectors had a field day when the China Clipper made this first trip. They wrote themselves letters so as to be sure of cancelled stamps on the record trip. It was arranged for them to enclose self-addressed envelopes for the return trip so their cancelled stamps came back, coming and going.

SLOWER mail brought to the editor a letter from Senator Bob Reynolds, also from the Philippines, with our first Filipino stamp. The mail came by steamer and regular mail trains and was two weeks in transit. Realizing a little the thrill these stamp addicts must get on seeing a new stamp, we gave ours to the champion philatelist of Halifax County, J. T. Chase.
