

# FIRST STANDING OF CANDIDATES IN BIG CIRCULATION DRIVE

## Mrs. Batton Ahead At Home; Mrs. Veach Outside

Here is the first announcement of the standing of the workers in the Herald's Big Prize Campaign. The names are printed in the order of their standing. The one thing this announcement does not show is the closeness of the leaders and how few subscriptions it would take to make one of the later starters the leader.

The reports have been good this week. The subscriptions are coming into the Herald office from all parts of the three counties, and we want to thank our readers for their splendid cooperation with the workers.

Look over the list, and if you have not given your subscription—give it to your favorite worker. It may be the one needed to put her on top. Subscribe today—for two or three years.

## New Basket Ball Court Patterson

A new outdoor basket-ball court has been completed at Patterson Mill Company, and already the employees are showing a great deal of interest for the game.

This brings the number of outdoor courts in the city to a total of three, with courts already in operation at Roanoke No. 1 and 2.

Teams from the various mills will be organized, and after playing on the outdoor courts throughout the season there will doubtless be a championship match to determine the city champions, which will probably be held at the High School Gymnasium at the end of the season.
