

TWO WORKERS WILL DRIVE NEW CARS SATURDAY NIGHT

1937 Pontiac And Chevrolet Ready To Roll

The Herald's largest and most successful circulation campaign will close this Saturday night at 8 o'clock. The sealed ballot box system will be used as announced at the beginning of the campaign. The contestants and their friends will deposit all subscriptions secured this week in the Ballot Box which is located in the Herald office. By using this method of closing the campaign, no one, not even the manager, will know the voting strength of the workers until the judges break the seals, open the box and begin the check and count at 8 o'clock Saturday night.

This has been a fairly fought campaign. It has been conducted along absolutely impartial lines. The best campaigners are going to win. Those who apply themselves during every minute there is left are the ones whose chances are the best. The battle of votes during the past few days has been waged at the fastest pace of the entire campaign with the leaders straining every nerve in their efforts for supremacy.

The stage is set. Everything is in readiness for the overwhelming rush of subscriptions that will come. The ballot box is ready, the judges selected, and the contestants have checked their campaign records with the records of the campaign department. The judges will check the subscriptions in the ballot box, issue votes on them, and add each contestant's votes from their reports in the ballot box to their previous totals, and in this way will determine the winners in the contest.

An Opportunity To Help

NOW is the time, if ever, to help your favorite in this race for a big new 1937 Pontiac or 1937 Chevrolet. Your subscription NOW for one, two or more years may be the deciding factor in the race. Here is an opportunity to help the contestant you are backing to win, without costing you one cent more for your newspaper.

Do not wait to be asked to subscribe this last week, for in his or her haste to cover as much ground as possible during the closing hours of the campaign, the one you would

like to help may not be able to reach you. Too, the offer of voluntary support would be extra pleasing and heartening to your favorite.

STANDINGS

Today's standing shows many vital changes in the list, some contestants taking better places, others dropping to less advantageous positions. The changes in this week's standing is only a forerunner of what is bound to come in a race as close and as hard fought as this one. Every hour that remains has immense possibilities and the final supreme efforts of the workers from now until the close, at 8 o'clock Saturday night will build their votes into the car winning class, or the lack of that effort will pass the prize to another.

Saturday's reports moved Miss Bennette into first place, Mrs. Lassiter to second position, and Mrs. Batton, third; with Miss Kee, Mrs. Mohorn, and Mrs. Veach threatening the higher positions. Miss Harris is seventh, Miss Hawkins, eighth, Mrs. Cole, Mrs. Leath, Miss Macon Floyd, B. C. Hamlet, Miss Faucette, Miss Turner, Miss Lillie Mae Floyd, Mrs. Hales, Mrs. Woodruff and Miss Williams following in order named.

Murray-Hudgins

A marriage of much interest to their many friends in Roanoke Rapids was that of Miss Elizabeth Hudgins to Mr. Guy Murray.

The young couple were quietly married at Emporia, Va., Nov. 1, 1936, by J. Sol Wrenn. The bride was becomingly attired in a navy blue taffeta dress with matching accessories. She wore a shoulder corsage of talisman roses. They were accompanied to Emporia by Mr. and Mrs. A. O. Pendelton.

Mrs. Murray is the attractive daughter of Mr. and Mrs. S. J. Hudgins of Enfield. Mr. Murray is the son of Mrs. J. H. Murray of this city.

The newly weds will make their future home in Roanoke Rapids.

Associated Charity Is Behind 1935

The annual Associated Charities drive here will not quite reach the amount contributed last year, according to semi-final reports now in. Last year, \$700 was contributed by citizens and business men in cash, pledges and merchandise. This figure has not yet been reached this year and it will be recalled that there was not sufficient last year to carry on thru the entire year.

There are several persons who have not been seen yet, some of them regular contributors, and if a worker has not seen them for their contribution they are asked to make same to Rev. J. N. Bynum, president of Associated Charities.

It was pointed out that the present fund will give only \$50 per month for special work in 1937, which is not much per family when there are several destitute families not sufficiently reached by any other agency.
