Woman's Club Meeting Held At Calvary

An interesting meeting of the Women's Home Demonstration Club was held at Calvary School Building on Wednesday p.m., Oct. 27. The August meeting was given over to a community picnic with brunswick stew and supper; the September meeting to a Flower Show and Canning Contest and business matters had accumulated making this session longer than usual.

Mrs. Wheeler gave a very instructive lecture - demonstration on Household Linen—especially table linens and towels. She told her members that an all white cloth of linen or lace is the correct cover for any formal meal. Also that mats are in good taste, either crocheted, knit or made of woven materials.

For the introduction of a bit of color, for interest and beauty, she advised colored linens for the breakfast table, choosing colors which harmonize with the color scheme of the room and the china used.

Mrs. Wheeler reminded her group that these selections need not be costly to be in good taste, as linens can be bought at the damask mills in Roanoke Rapids for a very reasonable price, thus affording the women with a slender purse, the opportunity to put beauty and attractiveness in her table service.

Those members present were: Mesdames Nat Hockaday, Hugh Hockaday, R. W. Hamill, E. S. Jenkins, J. C. Myrick, W. T. Mitchell, W. C. Myrick, Mattie Hardy, H. G. Myrick, F. R. King, H. T. King, John Moore, N. M. Johnson and Misses Edith Fulghum and Helen Mitchell.

Mrs. E. S. Jenkins, Secretary.

Miss Elizabeth Overton spent Sunday in Greenville.

Local Chevrolet Dealer Reports Many New Orders

In a statement made yesterday, Bill Edwards, manager of Tri-City Motor Company, reported heavy buying of the new 1938 Chevrolet, first showing of which was made about a week ago.

"There are several reasons for the unusual record of sales of the new Chevrolet," remarked Mr. Edwards. "In the first place, the large number of orders we have received reflect buyer preference for the beautiful styling of the new cars and appearance goes a long way toward influencing the buyer.

"People are also economy-minded today when it comes to gas and oil expense, and the Chevrolet reputation in this respect is a big factor. A number of refinements have been made this year that contribute both to performance and economy, and car buyers insist on both of these qualities. Interiors of the new cars are beautifully and luxuriously finished and this has an extra strong appeal among women.

"There is one more reason why sales are so heavy," stated Mr. Edwards. "Early fall new car introductions are encouraging more and more people to buy a new car at this season of the year. So they can enjoy the extra winter driving safety and security of a new car."

Tri-City Motor Company is recommending early placing of orders for the new cars, even to those who do not plan taking immediate delivery. As Mr. Edwards pointed out, demand for the new Chevrolet is so heavy that the surest way to avoid disappointment is for the buyer to select the car now and give the approximate day when he will want delivery.

Darlington
