SECTION C—PAGE 1

HOME SHOW TUESDAY

EXPOSITION OPEN FOR 5 NIGHTS

Do you wish to see home of your dreams actually set up complete for your inspection even to the landscaping of the grounds? If you do—and who doesn't—then make your plans to visit the National Home Show which will open at the Farmers Warehouse Tuesday evening at 7:00 p.m., June 7th.

This show, an exposition of better homes and everything that is modern to go with them, has been arranged for your benefit through the efforts of the Better Housing Committee of Halifax County with the cooperation of the Federal Housing Administration, the Building and Loan Associations and banks.

The miniature model homes will be part of the government exhibit sent by the Federal Housing Administration. The exhibit is part of the \$100,000. display material which the exhibit section of FHA is using for educational purposes. There are six pylons with enlarged photos of "Famous American Homes"; there is a Central Display showing the four steps to home ownership, Criss-cross units showing other interesting features pertaining to home-building and modernization.

The warehouse is indeed a busy place this week. Many of the exhibitors moving in their displays of home fixtures and appliances. Carpenters were carpentering and plumbers were plumbing—people were rushing here and there, all under the capable direction of Norman Barnett, Managing Director of the show.

Among those arranging exhibits were, Roanoke Hardware Co., with paint and builders hardware, Parker-Rochelle Sales Co., with Norge Refrigerators and the Bendix Home Laundry and other electric time saving appliances, Tilghman Furniture Co. of Weldon, with bedroom, living-room and kitchen furniture, Halifax Farmers Supply Co. with a complete paint line, Virginia Electric and Power Co., with a complete electric kitchen, Roanoke Rapids Building and Loan Association, with Mrs. Hayes in charge to explain to the visitors attending the show how simple it is to now own their own home under the Building and Loan Plan, Grant Brick Works, with complete frontage of a brick home, J. S. Turner & Son of Weldon with a complete line of lumber and building materials, Citizens Bank & Trust Co., with a complete information booth on Single Insured Mortgage Plan of the F.H.A., Mr. Aubrey McCabe will be in charge Tuesday and Thursday nights. Mr. McCabe was with the State Office of the FHA from its inception until a short time ago and now represents lending institutions making the direct loans which are insured by the FHA. The Roanoke Rapids Lumber Co. is arranging an exhibit of lumber, roofing and building ma-

U. S. Insures, Does Not Make Housing Loans

Clarification of the National Housing Act, in order to avoid a common impression among some people that the Government itself lends money to citizens who want to build or buy newly constructed homes, or modernize home they now live in, is made by the Federal Housing Administration.

The money for these purposes is loaned by financial institutions on the basis of Government insurance for the lender. As one Federal Housing Administration official puts it "the Government simply stands behind the financial institution making the loan."

The Government insurance system involves Government inspections of construction and modernization from the original planning through to completion of the project, thus assuring the individual of Government approved value.

The Government insurance feature as worked out in the revised National Housing Act now effective, is the provision that has opened the possibilities of home ownership to more people on a more attractive basis than ever before.

Womans Club Has Meeting At Hollister

The Hollister Woman's Club held the May meeting in the home of Mrs. A. M. Shearin on Tuesday, May 24th. Mrs. B. C. Hamlet presided over the business part of the program. The "Old North State" was the opening song, after which the collect was given. Mrs. T. C. Qualls made a talk on Pellagra, which was both interesting and helpful.

Following this talk, Mrs. Hazel Wheeler gave a report on the District meeting, which was held in Oxford and the Better Homes Tour of Scotland Neck, as none of the ladies of the club was able to attend. In her lesson on Shades, she described the different types and uses of them; pointing out that it is more economical to buy a good shade than to get cheap ones and

terials. Mrs. Vaughan is supplying the flowers and shrubs for the garden.

Everyone of these exhibitors are making every effort to make their booths most attractive and it is expected that when the exposition opens Tuesday night at 7:00 p.m. the exhibit spaces will be a perfect arena of beauty, educational and instructive features.

The exposition opens at seven o'clock Tuesday night and will be open until eleven o'clock. The same schedule of hours will be in vogue every night next week. The admission will be free but children must be accompanied by an adult.

SAFETY CAR SENT BY CHEVROLET TO THIS TERRITORY

One of the new cars presented by the Chevrolet Motor Company to the Highway Safety Division of the Revenue Dept. of the state, for use in the intensive campaign now being waged for safety on the highways, has been sent down to Littleton for the use of J. L. Skinner, Secretary of the State Association

of County Commissioners. This car will be in Littleton for some time until it is needed in another section.

This is the first time in the history of the nation that state, county, and city government have collaborated in an effort to lessen the awful toll of death and accident that is making our splendid roads a death trap. Since the beginning of this campaign there has been an appreciable lessening of accidents over last year. It is the hope of the sponsors of the movement that much good will be accomplished and a great saving of life and property will result.

The hostess, assisted by Mrs. Robert Odum, served delicious refreshments.

Special guests of the afternoon were Mrs. Wiggins, Home Supervisor of Farm Security, of Weldon, and Miss Ainsley, Home Economics teacher of Aurelian Springs High School.

The County Commissioners Association and the League of Mu-

To Attend Nat'l Convention For Kings Daughters

Mrs. T. R. Manning leaves for Detroit, Michigan, where she will attend the National Convention of the King's Daughters. "Miss Fannie" will spend the rest of the month visiting relatives in the North and East.
