Homemaking Major Field Of First Class Scouts

A Girl Scout, who is to attain First Class rank chooses one program field in which she wishes to concentrate. She is required to earn 10 badges, not fewer than four nor more than seven to be selected from her chosen field.

The major fields of Scouting chosen by these girls is Homemaking. The Girl Scout organization participates in homemaking activities in giving each Girl Scout an opportunity to:

Feel an increased enjoyment of her home through understanding what is involved in running a home and caring for the needs of a family, and develop skills and abilities that will contribute to her home.

Understand better the health needs of a home and family through developing an appreciation of good health and proper health protection in the home.

Become more aware of the importance of hospitality through sharing the satisfaction of social give and take, and acquiring social poise.

Appreciate the part that furnishings and decorations play in the life of the home through investigation and observation of household equipment and planning for its care.

Acquire, through actual experience, some knowledge and skills which relate to the planning, purchasing and preparation of food in the home.

Realize the importance of the personal appearance of individuals both in and out of the home through developing an interest in suitable and attractive clothing, and achieve some ability to purchase, make, and care for clothing.

Strengthen her adjustment to life and increase her security in family relationships through broadening her interest in her home and her ability as a home member.

Homemaking has always been one of the most popular parts of the Girl Scout program.

This is the first Play Day that the pupils have had in several years and their enthusiasm seemed great.

Miss Mayfield, playground instructor, said that the program went off rather nicely, although it had not reached perfection.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or chew poorly—your stomach often pours out too much fluid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes these little black tablets called Bell-u-s for indigestion to make the excess stomach fluids harmless, relieve distress in no time and put you back on your feet. Relief is so quick it is amazing and one 25¢ package proves it. Ask for Bell-u-s for Indigestion.

George Nethercutt, Miss Winifred Shell, Monroe Starke, George Hayes and Henry Green of Chapel Hill were week-end visitors to relatives here.
