

NUMBER TEN WOMAN WALKING MIDDLE OF HIWAY IS KILLED BY CAR

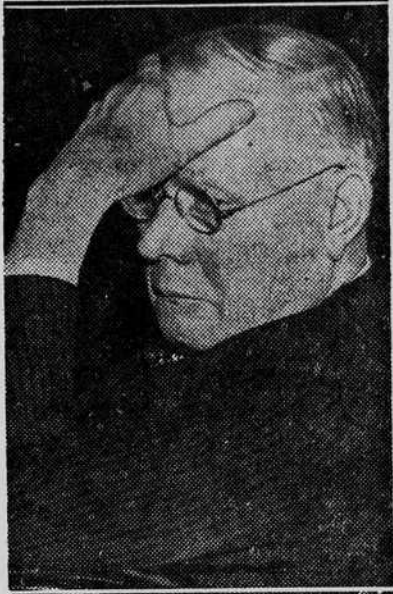

Rebecca Norman, Negro woman about 50 years of age, was almost instantly killed at 10 a.m. Monday when struck by an automobile on Highway 125, about five miles South of Halifax.

The driver of the car was Miss Alice Beatrice Stalls of Robersonville, who told investigating officers she was on her way to Roanoke Rapids to visit her sister, Miss Frankie Stalls.

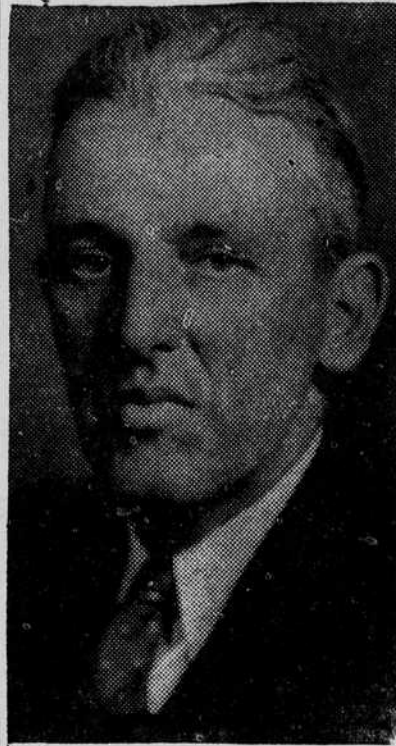

The Negro woman was walking down the middle of the highway with a small child. They were walking in the same direction as the car was traveling (the wrong way to walk on a highway). As the car approached the woman and child divided, one darting one way, one the other. The woman then tried to cross over to the side the child was on and was hit by the right fender of the car.

The case was investigated by Coroner T. M. Cooper, Patrolman Rothrock and Long and deputy sheriffs Pittman and Pope. The verdict of the Coroner was "unavoidable accident" with the driver exonerated from any blame.
