

# TOWN OF HALIFAX SEEKS TO ENLARGE CITY WATER WORKS

## Bond Issue Is Subject To Referendum

The Halifax City Commissioners have adopted an ordinance authorizing the issuance of \$4,000 of bonds of the Town of Halifax for the enlargement and extension of the water supply system there, subject to the approval of Halifax residents in a special referendum on the question to be held on September 5.

Mayor George Hux stated that the Halifax city officials realized the necessity of enlarging and extending the water system, and that residents of the town would vote on the matter because the proposed project is not a current expense to the town.

The ordinance states that "a tax sufficient to pay the principal and interest on said bonds shall be annually levied and collected". A statement of the indebtedness of the town has been filed with Town Clerk J. H. Bass, and is open to public inspection. The ordinance will take effect when approved by the voters of Halifax in the referendum.

### REFERENDUM

A special election shall be held in Halifax for the purpose of submitting to the qualified voters of the town on September 5, for their approval or disapproval of the ordinance entitled "An Ordinance authorizing the issuance of \$4,000 of bonds of the Town of Halifax for the enlargement and extension of the water supply system of said Town".

The polls will be open on the day of the referendum from 6:30 a.m., until 6:30 p.m., Eastern Standard Time, and each person whose name may be registered shall be entitled to vote. The polling place will be the store building between the Halifax Furniture Company and the Halifax Dry Goods and Notion store.

\*Mrs. W. V. Warren has been appointed registrar for the election, and W. P. Avent and J. M. Read will be judges for the registration of voters and for the holding of the election. There will not be a new registration of the voters of the town of Halifax for the election.

Members of the Halifax board of Commissioners are W. T. Stephenson, C. E. Shaw, A. W. Gregory, H. B. House and R. L. Dickens.

## METAL DRIVE

(Continued from Page One)

jects given in the drive were aluminum thimbles, hair curlers and other things people usually keep for future use.

"The folks have shown great interest and a fine spirit of patriotism", Chairman Hux said, "and their contribution to national defense has been a great one. I wish to thank each person who gave any aluminum in any form, and especially is the excellent work of the community committees appreciated."

The aluminum will be sent to Edenton, concentration point for the metal collected in this section, instead of to Raleigh as previously announced. It will be turned over at the concentration points in North Carolina to the Treasury.

## PATIENTS

Among the out-of-town patients treated at the local hospital this week were Miss Harrill Barnes, Emporia, Va., Miss Martha Cathrine Dupree, route 3, Enfield; Boy James Prince, Emporia, Va.; Mrs. H. D. Vick, Pendleton; Mrs. Robert Wray, Gasburg; Mrs. J. H. Warren, route 2, Littleton; Mrs. Margaret L. Edwards and baby boy, Vaughan.

# THESE HELPED ALUMINUM DRIVE

Miss Margaret Martin, attractive 14-year-old daughter of the Roanoke Rapids chairman of the aluminum drive committee here, is shown at the left in the above photograph depositing the first piece of the metal which will be used for national defense in the bin in front of the local post office. She is the daughter of Mr. and Mrs. A. N. Martin of this city.

At the right is shown a couple of Boy Scouts and members of the local Girl Scout Troop in front of the bin, which is nearly full of aluminum-ware. Both the Boy Scouts and Girl Scouts assisted in the collection of the metal here by conducting a house-to-house canvass for aluminum.

As a result of the combined efforts and cooperation of local citizens Roanoke Rapids was able to turn over about a third of the total amount of aluminum collected in the Halifax County drive which closed Tuesday of this week.

## Girls Game

The Raleigh All-Star girls softball team, North Carolina State champs, is scheduled to play the Roanoke Rapids Textile girls team at Patterson Mill Park here tomorrow night at 8:30 o'clock, Eastern Daylight Saving Time.

The Raleigh aggregation is featuring Miss Maxine Mason, former Roanoke Rapids star first baseman, who is now playing for that city.

## SEPTEMBER 8

Superintendent C. W. Davis of the city schools announced today that all white schools in the city will open on September 8.

The faculty, he stated, is substantially complete but a complete list of teachers will not be available until later.

# GET YOURSELF A NEAR-NEW CAR

# NOW

WHILE OUR PRICES ARE STILL LOW!

The tremendous increase in new Ford sales enables us to offer you the finest trade-ins we've ever had—late model cars that normally would have been driven another year or so. Our used car lot looks like a beauty contest—it's full of near-new cars that sparkle inside and out. These top-value, top-condition cars will find ready buyers. Pick one now, while you still have a wide choice—and WHILE PRICES ARE STILL LOW.

## '39 FORD DeLUXE 2-DOOR

This car is in "A No. 1" Condition. Paint, Upholstery and Tires excellent. See it today.
