WPA Office At Jackson Closed Down

Shortage of labor for WPA projects was given as the reason for closing the Works Progress Administration branch office at Jackson for the Halifax-Northampton district.

The office closed on Wednesday of last week after being in operation since the Summer of 1938. Officials at the office stated that the branch headquarters would be reopened if and when labor conditions justified.

Projects in Northampton to be completed are classrooms supplement to the Gaston school building, the Woodland water and sewer project, the Seaboard water and sewer project, and the Garysburg Negro school building project.

Staff of the office included E. S. Parker, director; J. J. Buffaloe, chief timekeeper and Miss Janie B. McDaniel, clerk. Buffaloe will have his office at Seaboard, where a water and sewer project is under-

way, and Parker will work in Weldon.
